GETTING THERE

All of us who have ever ridden a school bus will never forget the experience. It will always be a remembrance of our life at Reeds Spring school.

Our favorite way of "getting there", however, was the automobile. As the students discovered this year, it's more expensive to drive than ever before with gas costing about a dollar a gallon. This fact didn't seem to encourage many of our driving students to conserve gas by riding the bus, though.

A new tradition was reserving the front parking lot for Seniors only. Of course, if you have a car like one of these, you want a front row spot!

EXPRESS YOURSELF!

The 70's was a decade for learning to express yourself. Our school hallways abounded with students displaying everything from their favorite rock groups to personal nicknames.

The T-shirt was the most popular and comfortable of all the 70's fashions. What better way to let the world know something about yourself?

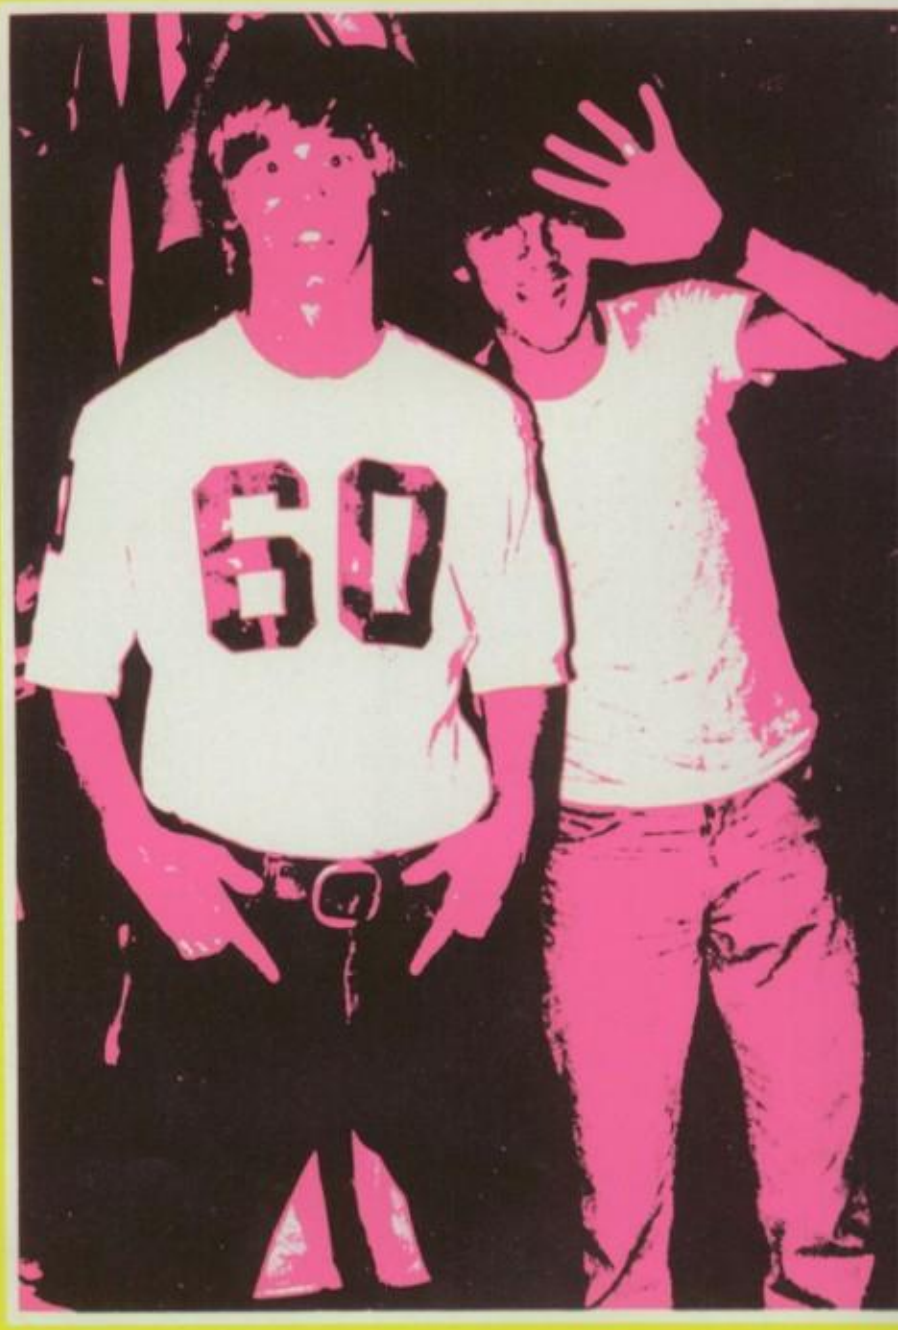
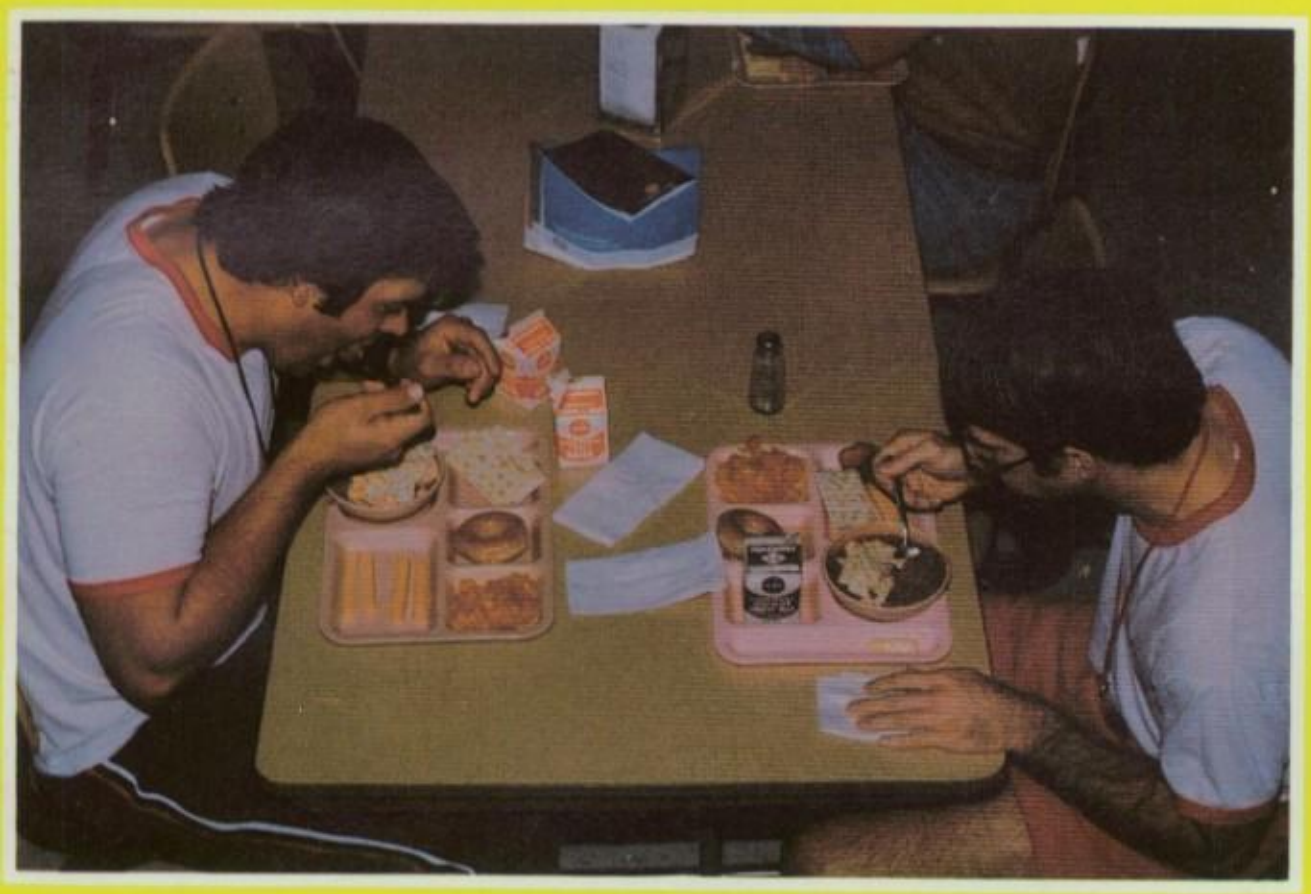
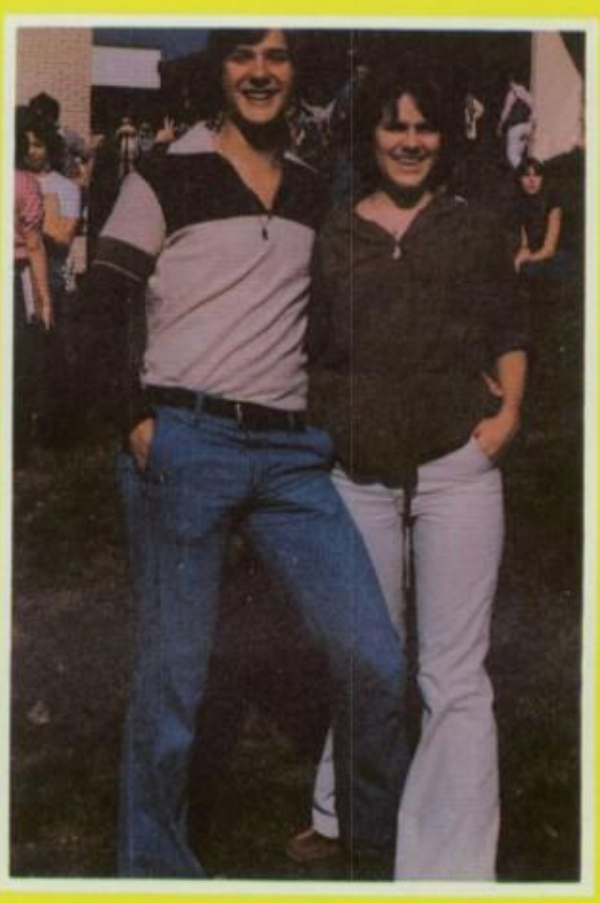
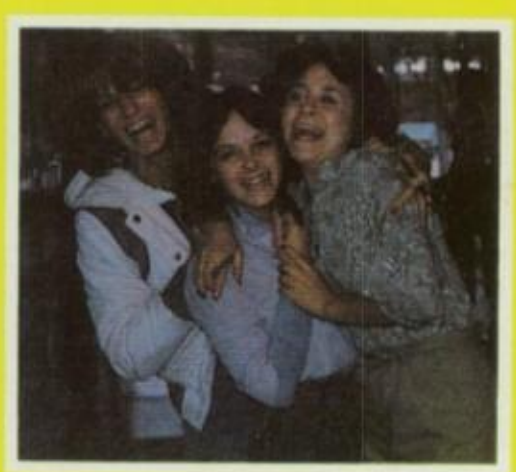
GOOD TIMES

Good times almost always involve friends. When friends get together almost anything can become fun. Ballgames, hallways, conversations, horseplay, and even eating cafeteria chili are just a few of the ways good friends share good times.



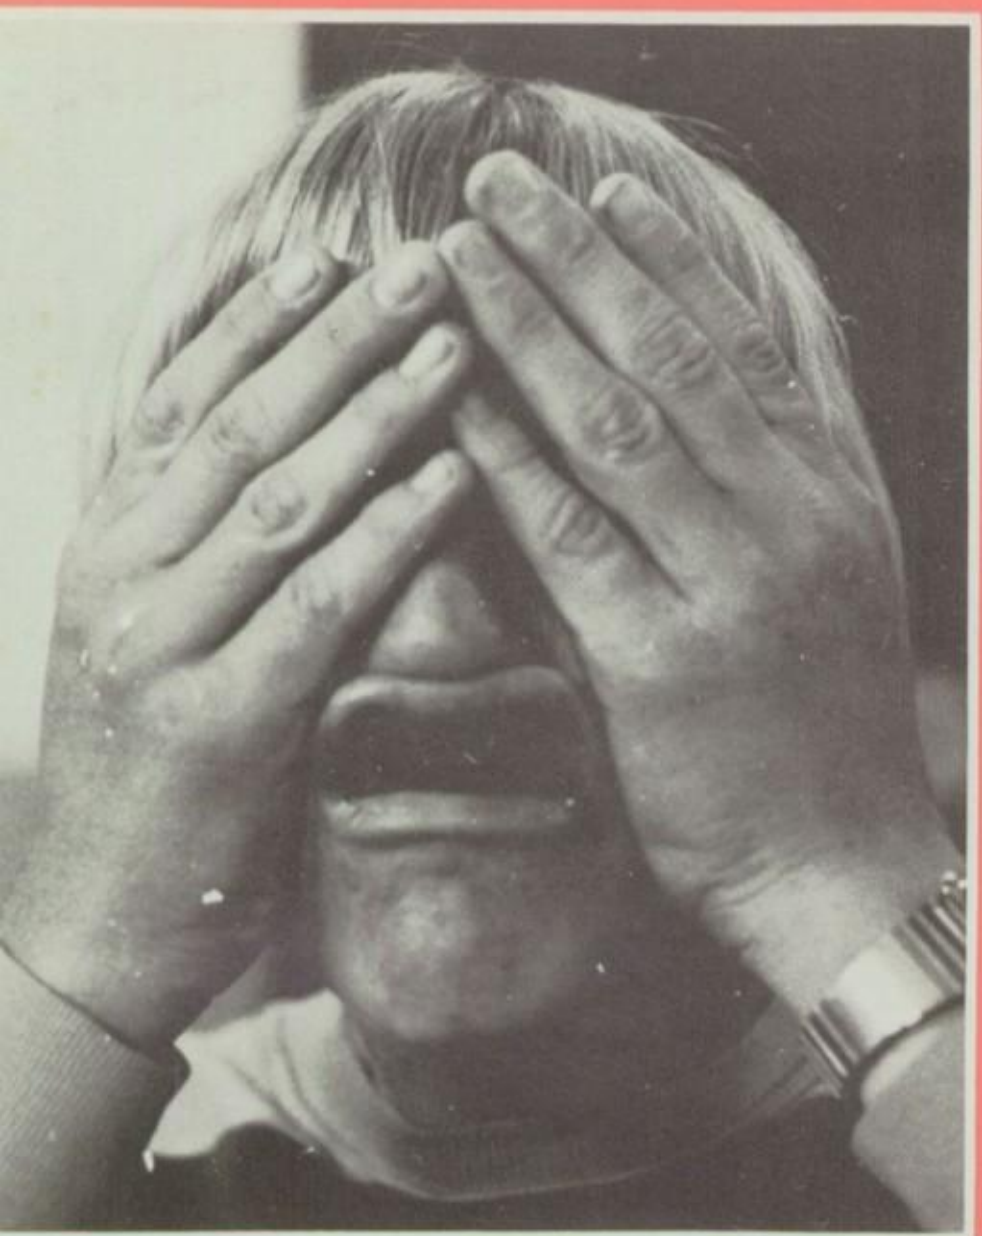


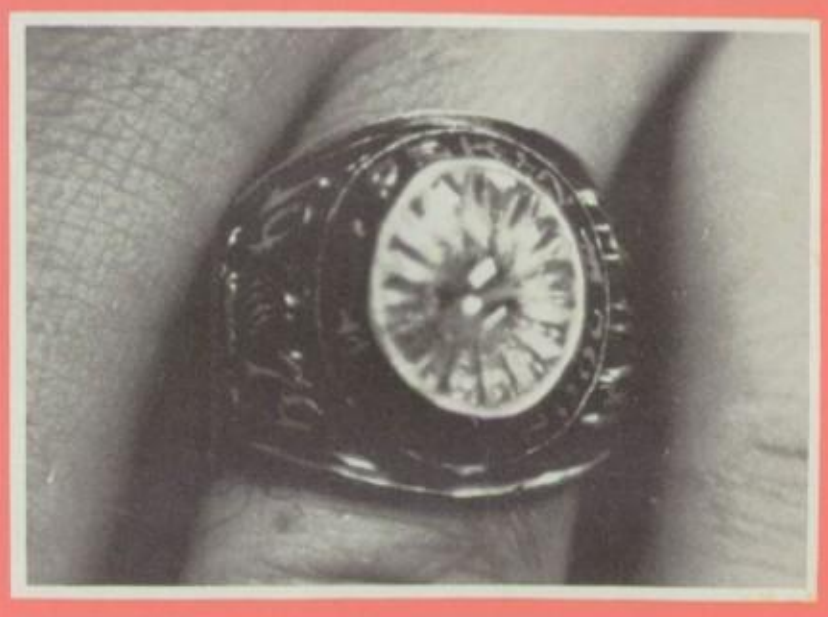


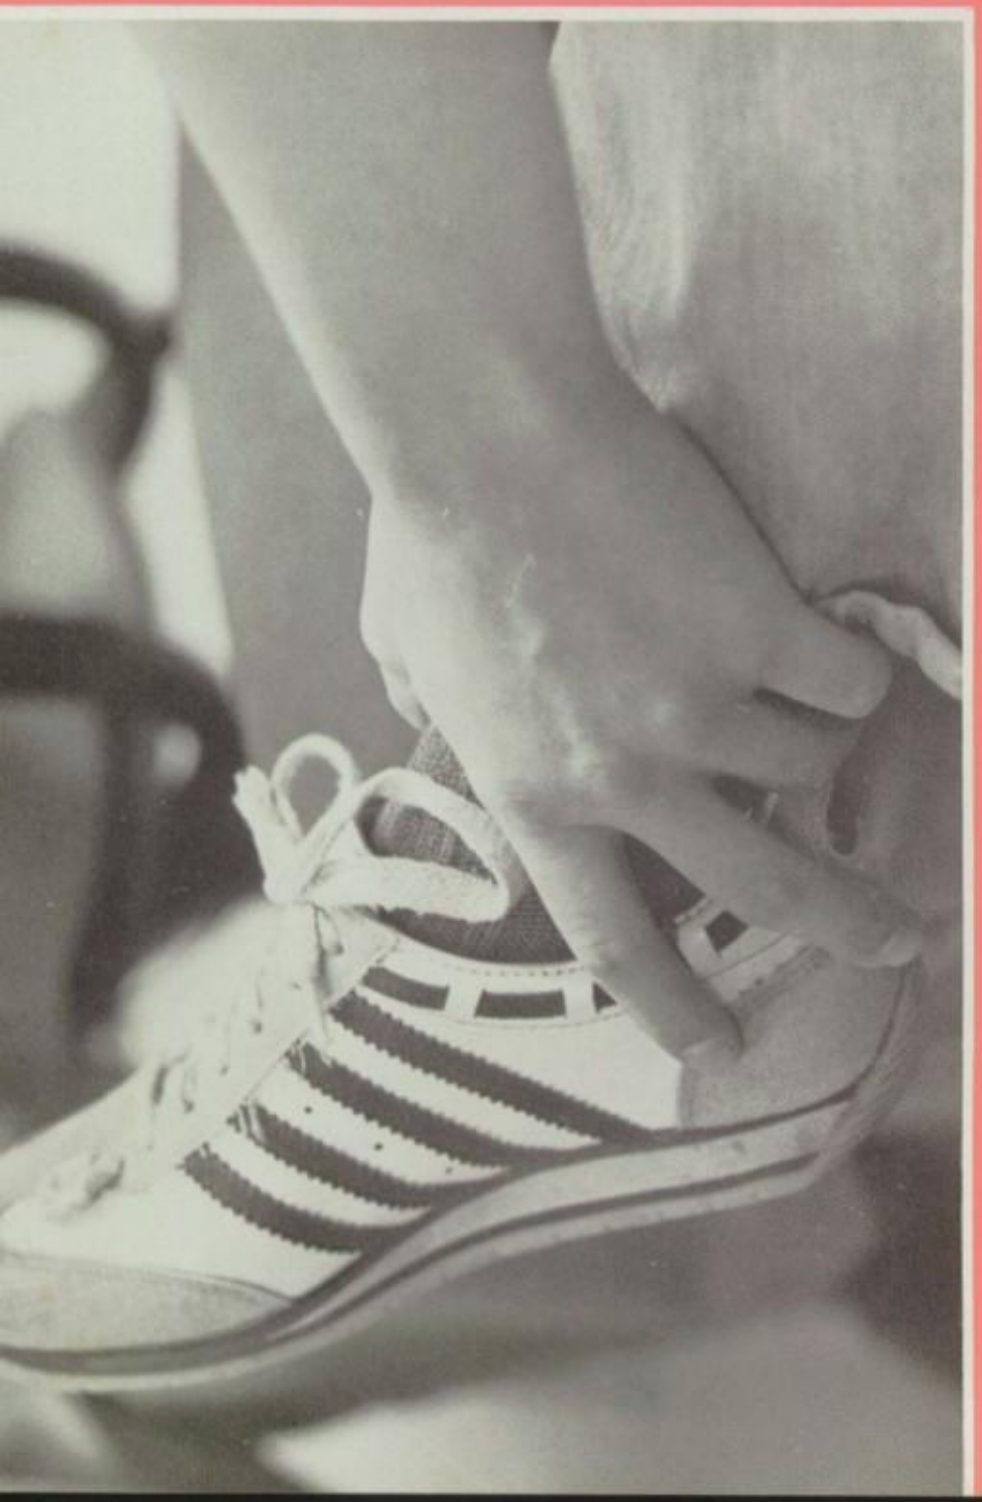


UP CLOSE

Up close views are a closer look at the intimate and more personal side of everyone and everything. Whether its KISS at McDonalds, an abused desk or star-struck Jackie gazing at her reflection in the water fountain, each has its own different expression.



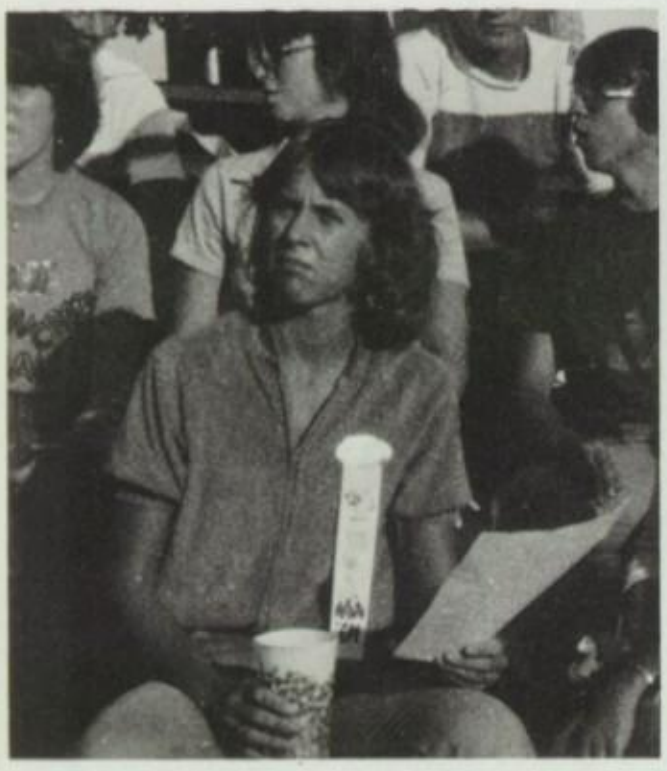


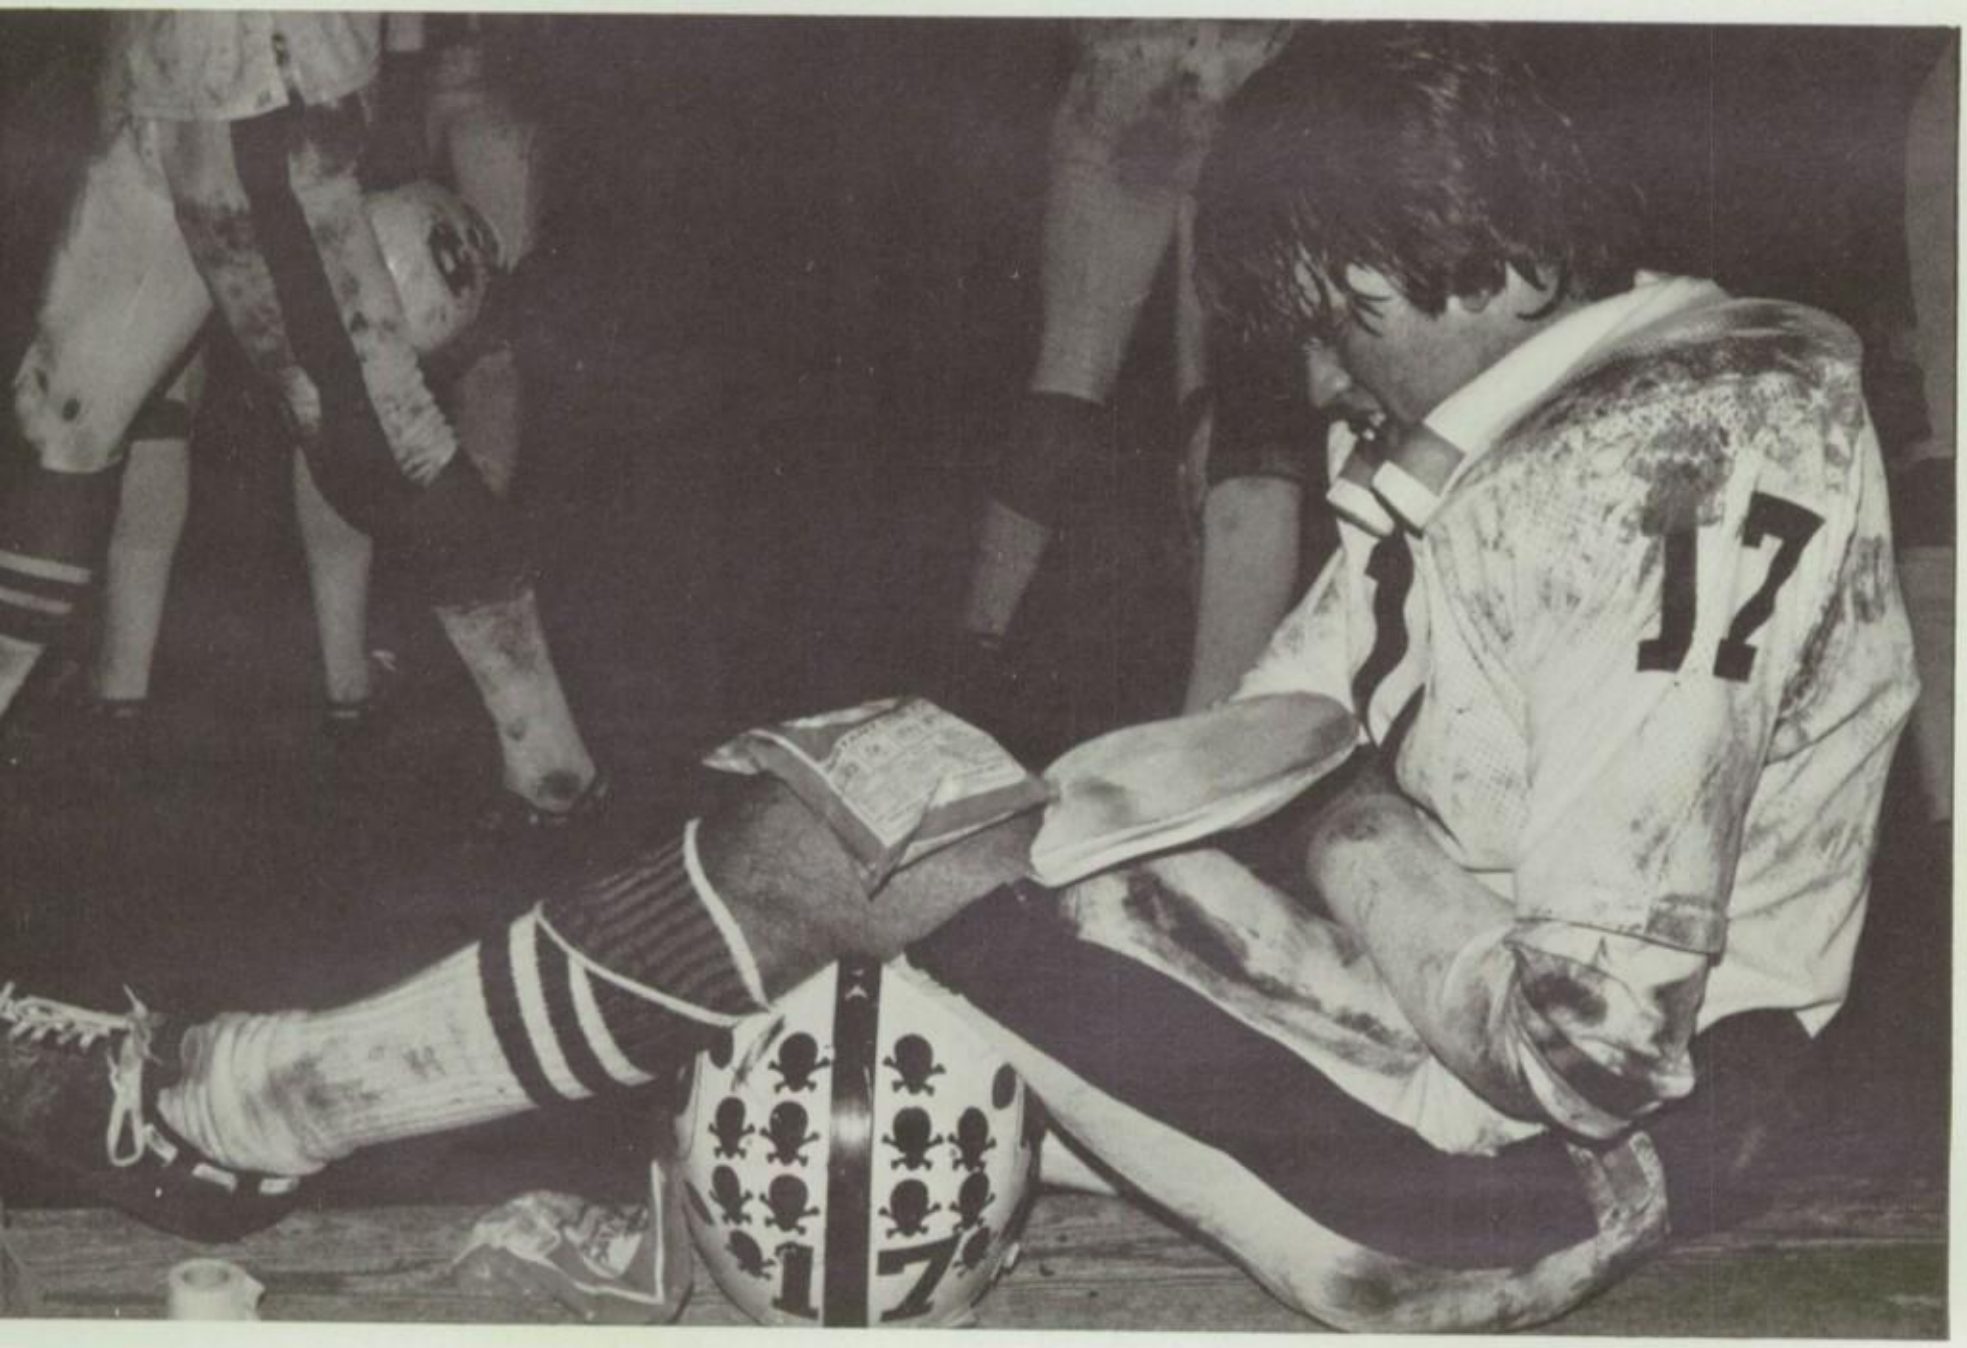


DAVID

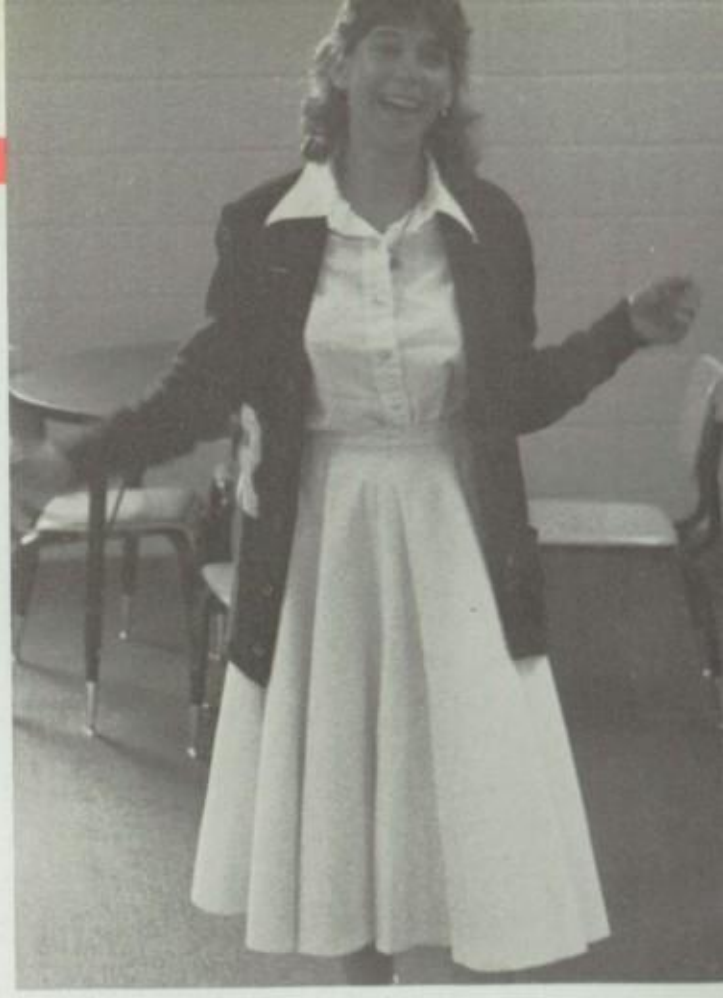
MORE THAN A FEELING

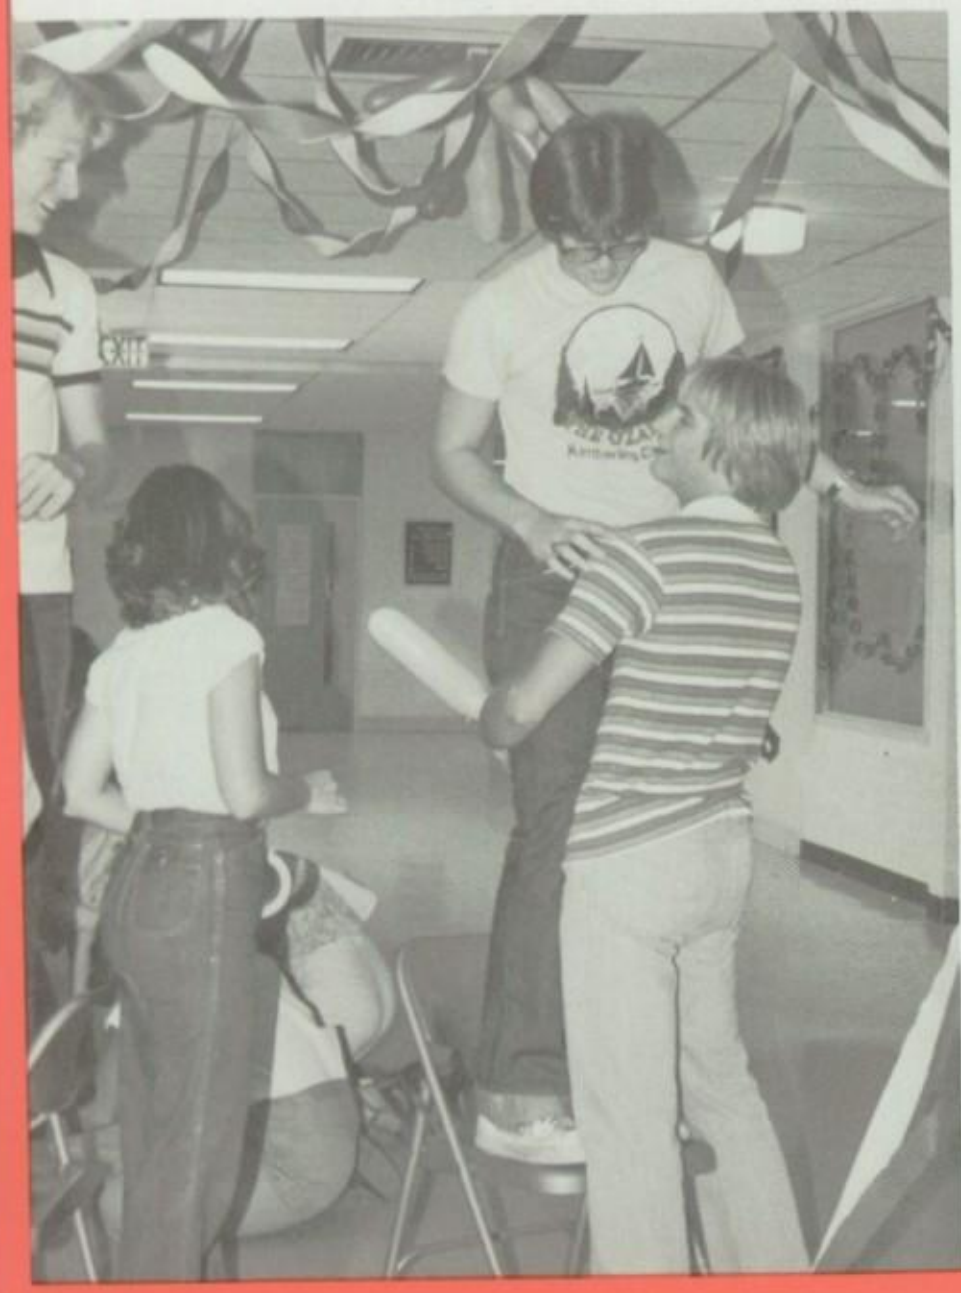
Emotions: a state of feeling, such as fear, happiness, pain and surprise. School cultivates many different emotions such as the pain of a football injury, the upset of defeat, the happiness of being number one, the gloom of a bad day, and the joy of being with good friends.

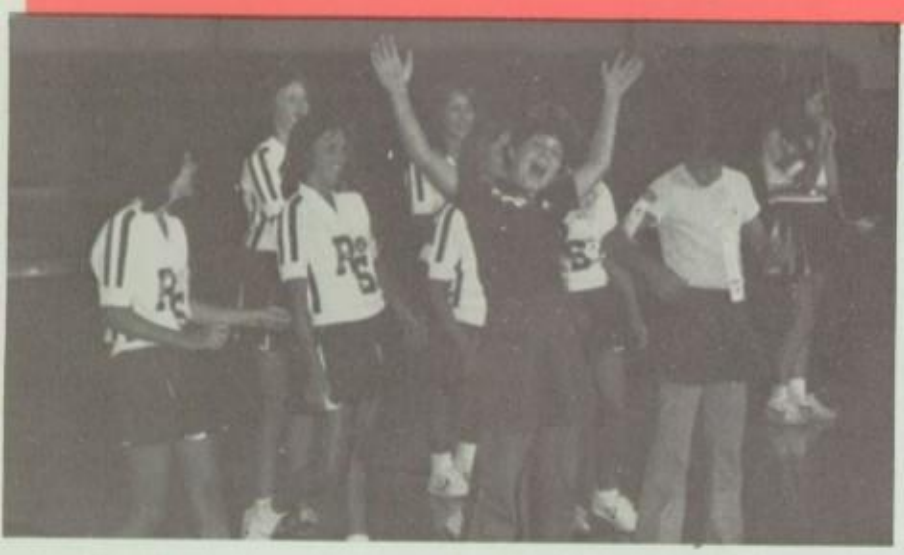




STUDENTS CELEBRATE THROUGH SPIRIT



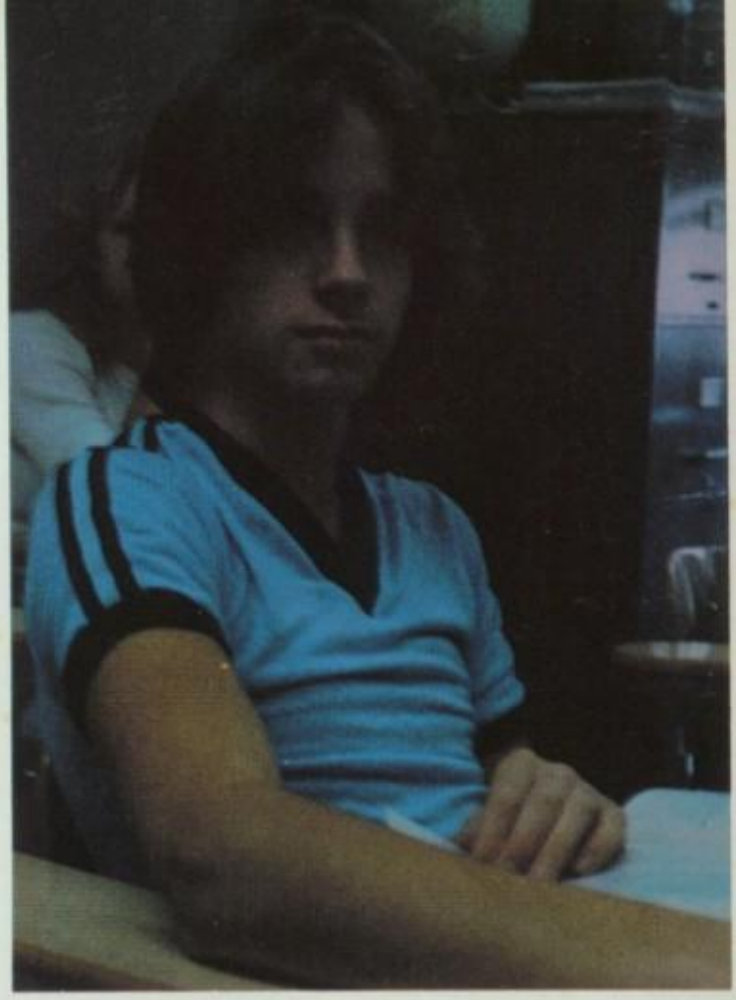




Pep rallies, pep band, wearing red and white, and supporting our Wolves while attending the games promote spirit throughout the school year. The tradition of spirit week during homecoming has always exploded in colorful, crazy costumes and faces.

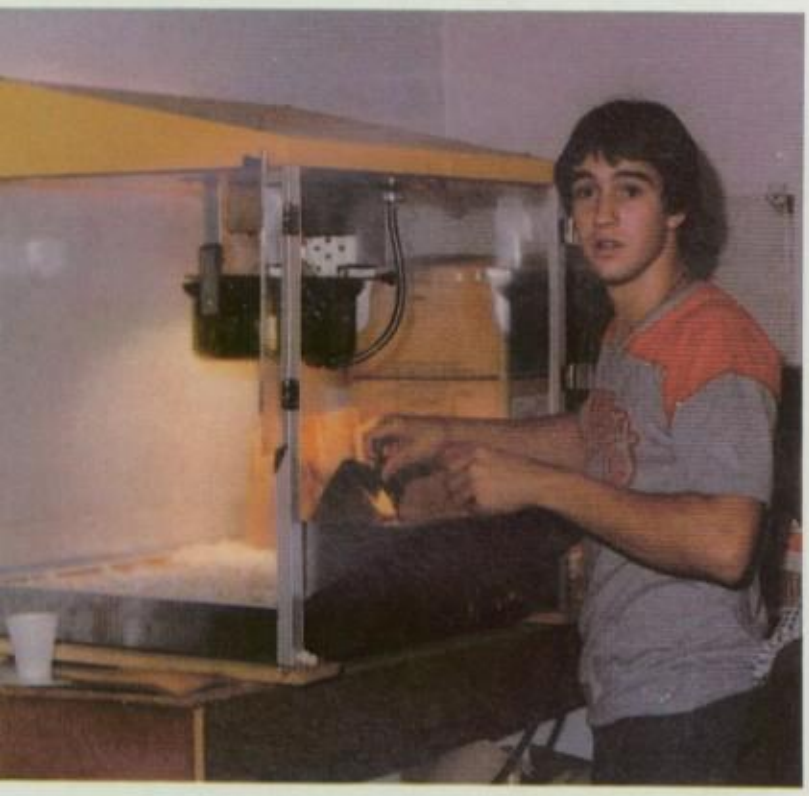
Even those students who are quiet with their celebration, can hardly resist the V-I-C-T-O-R-Y chant during class competition at pep rallies.

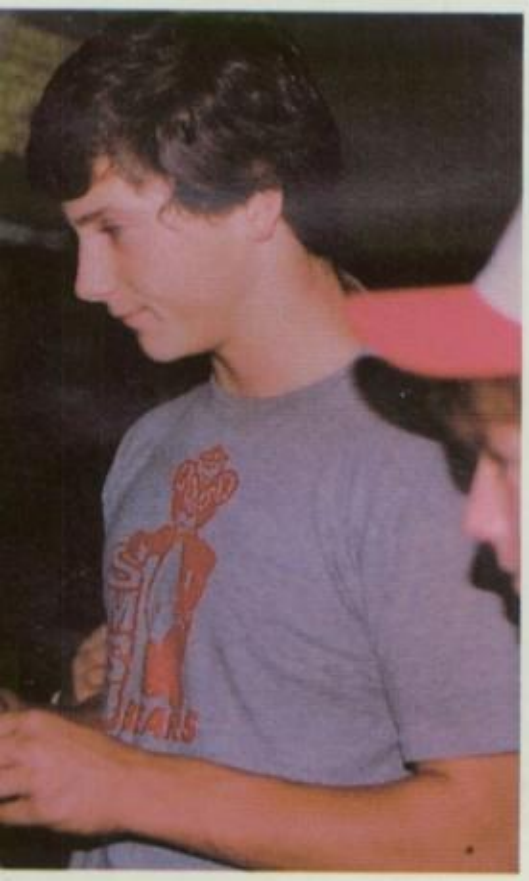
HEAVEN IS ONLY AN HOUR AWAY



A Reeds Spring student's day does not end when school lets out at 3:23. There are still games, practices, meetings, and jobs to attend. If you're lucky you might even catch a nap.

A recent attraction in Lakeview, McDonalds, had become a favorite hangout; but the best and most favorable way to celebrate after school is to party!





AND THEN WE LEAVE...

Five days a week for nine months we come to school; we learn, we share, and we meet our friends. Then we leave from the place we've spent approximately 1,260 hours a year.

For 15 of these students, 1968 was only the beginning. Graduating as Seniors, these same 15 are now the Senior graduating class of 1980. In this area so many people come and go, that it just seems miracullous that there is still a family of 15 who have stayed together for 13 years.

These 15 are: Karen Carr, Kim Chastain, Bev Cutbirth, Lonnie Foster, Lesa Hardin, Lee Ann Hedrick, Danny Fortner, Kelly McQueary, D.J. Outhouse, Tracy Rantz, Chris Richardson, Cris Runge, Lori Thogmartin, and Lynn Walden.

The three sophisticated students at the left are the Senior Class officers: Secretary / Treasurer, Lori Thogmartin; Vice-President, Greg Maycock; and President, Cris Runge.

These officers, with the help of senior classmates, accomplished a goal set in the early part of the year. Desires for a Senior Trip to Florida enlightened these seniors to strive and achieve that goal. Under the leadership and support of these officers, various projects were pursued and fulfilled.

The Many Moods Of A Senior

1. Photographer Mike Becker Shows assistant David Hayward where to stick the film canister. 2., 3., and 4. Toward the end of the year, most seniors become so frustrated with the anxiety of graduating that they can no longer hold it in. That's when the "tongue slipping" syndrome hits. Overjoyed to be recovering, Matt Hirst just laughs it off. Lori Thogmartin unfortunately has a bad case which is beyond help. Jeff Schilling thinks no one will recognize him in his "cool shades"; but that tongue is noticeable anywhere. 5. Yes, you could say Kevin Rainwater got this way from spending too much time in yearbook.

Sharing the night together

The 1979-80 Junior-Senior Prom was held at Riverside Inn in Ozark, Missouri, on April 25. A buffet dinner was served at 8:00 p.m. with enough food for seconds. Speeches, the traditional reading of the senior wills and prophecies, and a dance followed.

The theme that Queen Colleen Conway and King Kevin Bowling danced to was "Sharing the Night Together," played by the Michael Kay Discos. Sasha Hemphill, last year's queen, was present for the crowning.

Some pre-prom highlights were renting tuxedos, picking out dresses, ordering corsages and boutonniers, and the excitement of the "Geddy Akers' 'Will You go to Prom with Me'" contest. The long-awaited decision was announced over the school's loudspeaker, and Faith Mousel was the winner.

Florida Is Fun In The Sun

The seniors who were going on the senior trip to Florida met at the high school early Sunday morning May 11. They traveled via school bus to Vicksburg Mississippi, where they spent the night and enjoyed swimming in the pool. The next morning it was off to Panama City Beach, Florida. There was much fun in the sun as the seniors swam in the ocean and sunbathed on the beach. There were numerous activities to keep the seniors busy and many restaurants to eat at. After many good times and much souvenir buying, it was back to Missouri with alot of pictures and memories.

Graduates Enter A Changing World

The commencement program for the senior class of 1980 was May 19th. The valedictorian and salutatorian were Lisa Thomas and Wayne Gongaware. Dr. Duane Meyer, President of Southwest Missouri State University, was the guest speaker. He spoke of the change that had happened in this area in the past years and how we must learn to live in a changing world. He also emphasized that education and skills were important to all of us if we wanted to make it in the world.

Mrs. Gay Jones presented the first local scholarships to Andy Theim and Monica White. Andy was the winner of the Reeds Spring Student Community Scholarship and received $700. Monica was the runner-up and was awarded the Bank of Table Rock Lake Scholarship in the amount of $400.

MATH BOGGLES

Passing a math class was cause for celebration to some students. The term "getting burned" was quite common after a first-hour Math Analysis quiz in Mr. Ron Smith's class or in Mrs. June Schweitzer's sixth-hour Algebra II class. Although students often felt lost in math class, there were several who braved four years of math classes and passed Math Analysis their senior year.

Consumer Math was a new course added to the curriculum. Several projects were completed that the students particularly enjoyed in that class. A term paper on buying a car, financing it, obtaining insurance, and securing a license and a title was something which related to all of them. Later, each student bought $5000 worth of stock in a mock stock market study. They watched the daily stock market prices to see if their stock was going up or down; and then after several months, they sold their stock and determined if they made a profit or a loss.

1. These Math Analysis students are in the process of "getting burned." 2. Kevin Bowling is a reluctant to give Andy Thiem answers to the quiz. 3. Ron "Doc" Smith lecturers to his students. 4. Robert Lightizer quickly does his homework in 5th-hour Consumer Math. 5. Kim Nulton takes time away from class-room activities to talk to Angie, Pam, and Deanna. 6. Rex Arny pays close attention to his academic responsibilities. 7. Mrs. Schweitzer gives another assignment in Consumer Math.

DIFFERENT ASPECTS

Language Arts is a combination of all the subjects that deal with language. These subjects include grammar, literature, speech, foreign language, and dramatics. Mrs. Jan Kirsch handled the foreign language end by teaching all levels of French in the morning. Mr. Julian Jones taught the oral aspects of language arts such as Speech and Acting as well as English Literature for Seniors. Mrs. Paula Jones and Mrs. Nancy Oehler, taught the underclassmen by introducing them to the many areas of English from American literature to expository writing.

1. Trying to complete this assignment on time, Jack Carr works hard on his research paper. 2. Senior Melissa Smith finds it hard to concentrate in English class, knowing she will graduate at the end of the first semester. 3. IF AT FIRST YOU DON'T

This years' Science classes, taught by Mr. Doyle Childers and Mr. Tom Linkous, were: Physics, Chemistry, Biology, Physical Science, and General Science. For a quarter project, the Biology classes had to collect thirty insects as well as twenty plaster casts of various animal tracks. During the year, the Biology class dissected worms, frogs, sheep eyes, clams, and mice. The Physics class worked on a solar collector which will aid the school by providing power for a small part of the building sometime in the future. They also made ice cream and performed experiments with heat and light.

1. During a first-hour Biology lecture, Sherry Stone finds Mr. Linkous' explanations amusing.
2. The Physical Science class experiments with the Electrostatic Generator.
3. and 4. Jim Misloski and Stephanie Wolfe succeed in dissecting a frog for Biology.
5. John Cooper, Bobby Jenkins, and Andy Parker pretend to be paying attention in Biology.
6. Coach Tom Linkous instructs his first- hour Biology class.
7. Due to his paranoia, John Ferguson has decided that seventh-hour Physics class should be canceled.
8. Because of their attack of senioritis, Greg Maycock and Jeff Schilling are having to work on an over-due report.
9. Senior, Bruce Gregory is less than enthusiastic about his physics assignment.
10. During one of his General Science classes, Mr. Linkous lectures on the human skeleton.

VARIETY IN LESSONS

Under the instruction of Mr. Jim Holt and Mr. George Jones, this past year's social studies classes enjoyed many class-related activities. Several students participated in the "History Bowl" by teams competing against other schools in areas of american history, world history, ancient history, and current events.

History students gained first-hand experience in governmental procedures when they reenacted the impeachment trial of Andrew Johnson and also when they conducted a mock presidential primary for the student body. President Carter and Ronald Reagan came out the winners of their respective parties.

The opinions and attitudes of the students were shown in a survey conducted by the psychology class dealing with such subjects as drugs, driving habits, student lounges, etc. Classes were also fortunate to hear guest speakers on such topics as law enforcement, fire protection and other interesting material.

Seniors benefited greatly through the help of Mr. Holt and Mr. Jones. Both instructors organized the giving of the United States and Missouri Constitution tests for seniors in order to fulfill graduation requirements, and they also assisted in the registration of 18-year old seniors to vote in elections this summer and fall.

Through the efforts of both Mr. Jones and Mr. Holt, the students enrolled in their social studies courses enjoyed many interesting and varied lessons.

1. Sixth-hour sociology student, John Ferguson, tries to get some "brownie points" from one of his favorite teachers, Mr. Holt. 2. Mr. Holt observes his psychology class while they answer questions at the end of a chapter. 3. & 4. Mr. Jones certainly enjoys his meal after a hard day of work. 5. To be or not to be — Mr. Holt will make that decision. 6. Bo Pejovic obviously thinks this activity is not too difficult.

FOR SOCIAL STUDIES

HOME=EC IS NOT

If anyone was fortunate enough to sample Dennis von Thun's apple pie with whole wheat crust, they know that Meal Planning was not a course for girls only. Several boys enrolled in home economics courses this year proving these subjects are equally important to both sexes.

Students learned by practicing what they studied. The Family Relations class invited the student body to a mock wedding complete with four bridesmaids, music, flowers, and a reception following. The Child Development class carried dolls where ever they went for two weeks to learn some of the real responsibilities of child rearing. And the Meal Planning class planned and prepared dinners and invited faculty members as their guests to enjoy the delicious food.

Mrs. Peggy Emerson was single handedly responsible for the home economics courses which included: Basic Home Economics, Child Development, Meal Planning, Interior Design, Family Health, Creative Clothing, Family Relations, and Consumer Management.

1. Dean Olson and Cathy Warren practice defensive ironing Basic Home Economics. 2. In the mock candle-light wedding, the Reverend Vice Principal, Julian Jones, delivers the nuptial vows to the nervous bride, Kim Nulton, and the awaiting groom, Kevin Hackattorn, as witnessed by best man, Bruce Gregory. (Insert picture: Dressed in formal attire, ushers Curtis Wood and Mark Ladon lead in the honored guests of the bride and groom. 3. COACHES TEACH

Coaches Glenn Aversman, Tom Linkous, Bruce Powers, and John Emmons have been teaching classes as well as coaching football, basketball, volleyball and track. Among the classes they teach are Health, Physical Education, and Driver's Education.

In this year's health class, Stone County Health Coordinator, Patty Hansen, helped teach a two-week course in cardio-pulmonary resuscitation (CPR). Upon passing the course, the students were issued a American Heart Association CPR card.

Co-ed physical education classes in their second year of existance, were popular this year with volleyball and basketball being the favorite activities.

Coaches take their lives into their hands when they go out for a drive with the student drivers. The students drive to Branson, Lampe, and other neighboring towns in the area.

1. Fourth-hour health class shows their usual fiery eagerness to participate in class-room activities. 2. & 3. Seventh-hour Freshman athletics work on the fundamentals of one-on-one in basketball. 4. Coach Glenn Aversman, co-ed P.E. instructor, takes a moment to plan activities. 5. Seat belts f tened and rearview mirror adjusted, John Miner goes on another adventuresome trip through the parking lot. 6. & 7. Health instructor, Bruce Powers, casually lectures on first aid techniques.

STUDENTS PREPARE FOR

The business teachers, Ms. Kathy Hunter and Mr. John Burkett taught classes to prepare students for the business world. Mr. Burkett taught typing, business math, and business machines. His classes were interrupted when he was involved in a car accident towards the end of the year. Luckily, he recovered after a brief stay in the hospital, and his classes went back to normal. In his typing classes, Mr. Burkett believed the most enjoyable learning experience was typing manuscripts.

Ms. Hunter taught shorthand, accounting, and basic business. She started her day off with shorthand, her favorite class. Ms. Hunter stated she was very proud of her shorthand students because they worked very hard, enjoyed it, and were interested in it since they realized it could be helpful for their future. Actually, it was almost like learning a new language!

Her accounting class will always remember finishing the Stereotronics practice set in record time!

1. Fixing mistakes on manuscripts is one of Mike Crandall's favorite past times. 2. Hard at work, as usual, is Ms. Hunter. 3. Before the due date, accounting students Dianne Young and Kim Misloski finish their work. 4. Knowing how to count errors determines if Pat Mueller will pass his timed writing. 5. A shorthand problem raises a question for Carol Harris. 6. David Kirkpatrick hurrying to finish the deadline on his Stereotronic practice set.

MUSIC DEPARTMENT GROWS

Mrs. Betty Jameson, who also taught music at the junior high half day, directed the Concert Choir, Girls Glee Club, and Choraliers. Choir was a popular elective. She also worked with vocalist in an individual instruction class. Choraliers was an extracurricular activity which met before school.

Besides directing the Stage Band and Concert Band, Mr. Gerald Edson taught Music Appreciation and gave individual instruction. Music Appre ciation, a new addition to the curriculum, involved teaching students the different types of music in different periods of time. This was Mr. Edson's first year at Reeds Spring High School, and for the first time the high school had a full-time band instructor.

1. Sherri Ryan and Jackie Hollinger rehearsing a duet. 2. Choraliers requires dedication and early morning practice before school. 3. Cris Runge performs a solo for elementary students. 4. Phil Jones singing bass at choralier practice. 5. Mrs. Jameson directing Girls Glee Club rehearsal.

SKILLS ARE ENHANCED

One of the big projects in Mrs. Teresa Smith's Art classes was the painting of the art room wall with the American flag and eagles. Macrame', chalk drawings, painting, stained glass, and paper mache' are among some of the projects completed by art students this year.

In his first year at Reeds Spring, Mr. Don McKibben put much of the shop equipment to use by teaching the students about wood-working. They undertook such projects as checkerboards, bootjacks, gun cases, bookshelves and more.

1. The master mind behind the American flag wall mural, Mrs. Smith contemplates about their next project.
2. Diane Pealer adds the finishing touches to the eagles' wings. 3. Measurements must be exact for Tom Huff to complete the table legs he turned on the power lathe in first-hour general shop.
4. Mr. McKibbon instructs Paul Borst with measurements for constructing his checkerboard.
5. Red and white stripes seemed to go on forever for Tammy Retherford and Karla Ebrahimi.
6. David Bursey also helps with the mural during third-hour art class.
7. First-hour art provides time for Kelly Wilson to paint a still life in acrylics.

SPECIAL OLYMPIC TEAM

The Special Education resource room was used to assist students who need special help in certain academic areas. The resource room is run by Mrs. Paula England, Mrs. Diane Black, and aid, Mrs. Pam Brown. The students were kept busy with many art projects including macrame, but the most exciting event of the year for them was the Special Olympics. The team did very well in single-event competition, which involved running, dribbling, and shooting. Kathy Montileone, Joni Ruby, Danny Youngblood, and John Garber all won gold medals in these events. Kim Garber and Amy Lewis won bronze medals. Danny Youngblood also played on the Republic basketball team which placed fourth.

1. Breaking away from his studies, Chuck Bradley learns new skills in macrame. 2. Getting back to his studies, Chuck receives help from Mrs. Black. 3. The team and sponsors purchased t-shirts from the special olympics. (inset picture: Kathy Montileone receives medal for her achievements). 4. John Garber feels homework is easier while listening to his radio. 5. The special olympics wasn't all work for the team, they also had time to relax on their trip to Kansas City.

VARIED RESPONSIBILITIES

Mrs. Gay Jones', counselor, primary obligation is to be of service to the students, but she has many other jobs. She is in charge of scholarships, scheduling, Beta Club, college applications, home-bound students, Career Day, Freshmen workshops, four-year plans, student tutors, and recommendations, just to name a few. She also works with the high school students who are scheduled in the Vo-Tech classes.

"Sometimes my job involves just walking around the track with a student who is upset," she said. "You have to like kids to do it, and you must have faith in them."

"I guess councelors have to be a little bit flakey or else your job makes you that way."

1. During her tutoring hour, Molly Jones helps a young student. 2. A group of freshmen listen intently to a speaker during the Freshmen workshop. 3. Choosing a college is not an easy decision for David Hayward. 4. According to Pam Spralding, tutoring second-graders is a "joy." 5. VO-TECH STUDENTS PREPARE

The Reeds Spring Vo-Tech School is designed for students who are career orientated. They offer one-hour courses in Animal Science, Plant and Soil Science, and Advanced Livestock. Three-hour courses are offered in Auto Mechanics, Building Trades, and Arts and Crafts, Distributive Education, Electronics, Food Service, Co-Op, Graphic Arts, Health Occupations, Secretarial-Clerical, Small Engines, and Welding. A Photography class was offered for the first time this year, which gave several students a good excuse to purchase a new 35mm camera. They also learned the basics of photography as well as dark room techniques.

LIBRARY TURNS INTO A CLASS

A new class added to the curriculum this year was Library Science. During each period of the day, several students assisted Mr. Weems, the librarian. They did various jobs such as arrange shelves, alphabetize the card catalog, check books out to students, and keep the library neat and clean. Another addition to the library was a new system for checking books out. Every student was issued a card and could check a book out only by presenting this card to the student running the front desk. This system was developed to decrease the number of stolen and lost books.

HAPPENINGS

Decisions, decisions, decisions!

On October 23, 1979, over 700 parents and students from Bradleyville, Forsyth, Spokane, Crane, Galena, Blue Eye, and Reeds Spring filed into the gym for the Reeds Spring 12th annual Career Day.

Career Day is done in cooperation with the Mo. School/College Relations Commission. The students have a chance to talk to people from 50 different agencies including colleges, technical schools, armed forces, and government and employment representatives.

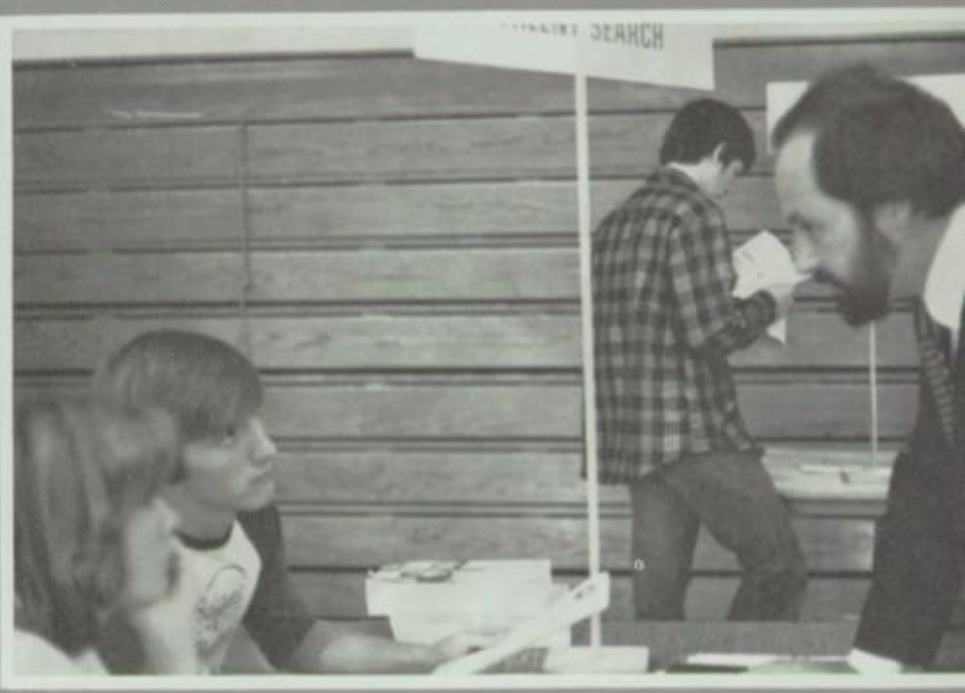
During that day, students and parents were able to ask questions and obtain literature about continuing their education.

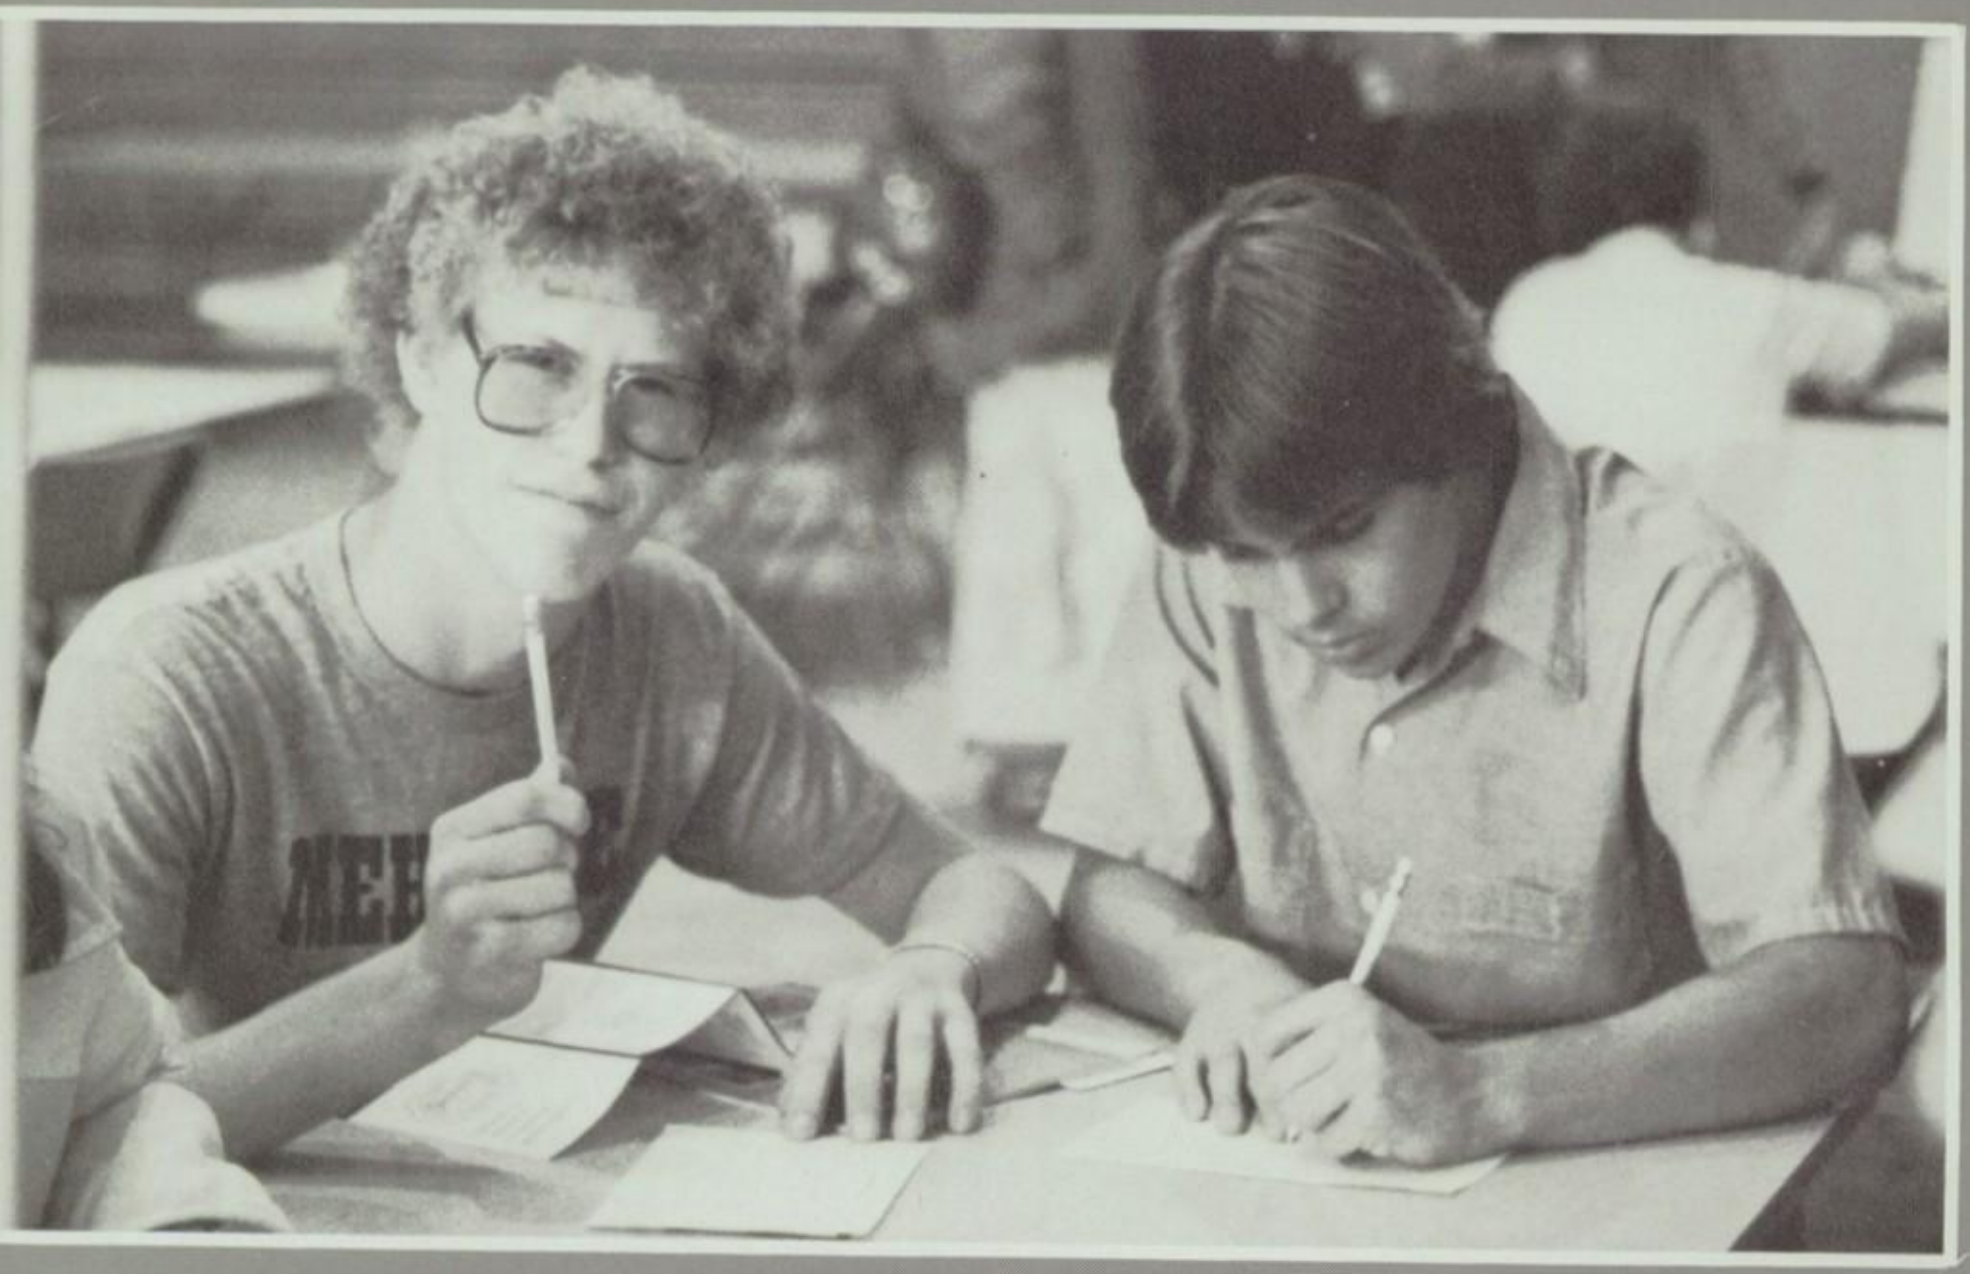
To show their hospitality, some parents of the juniors and seniors served refreshments to the representatives.

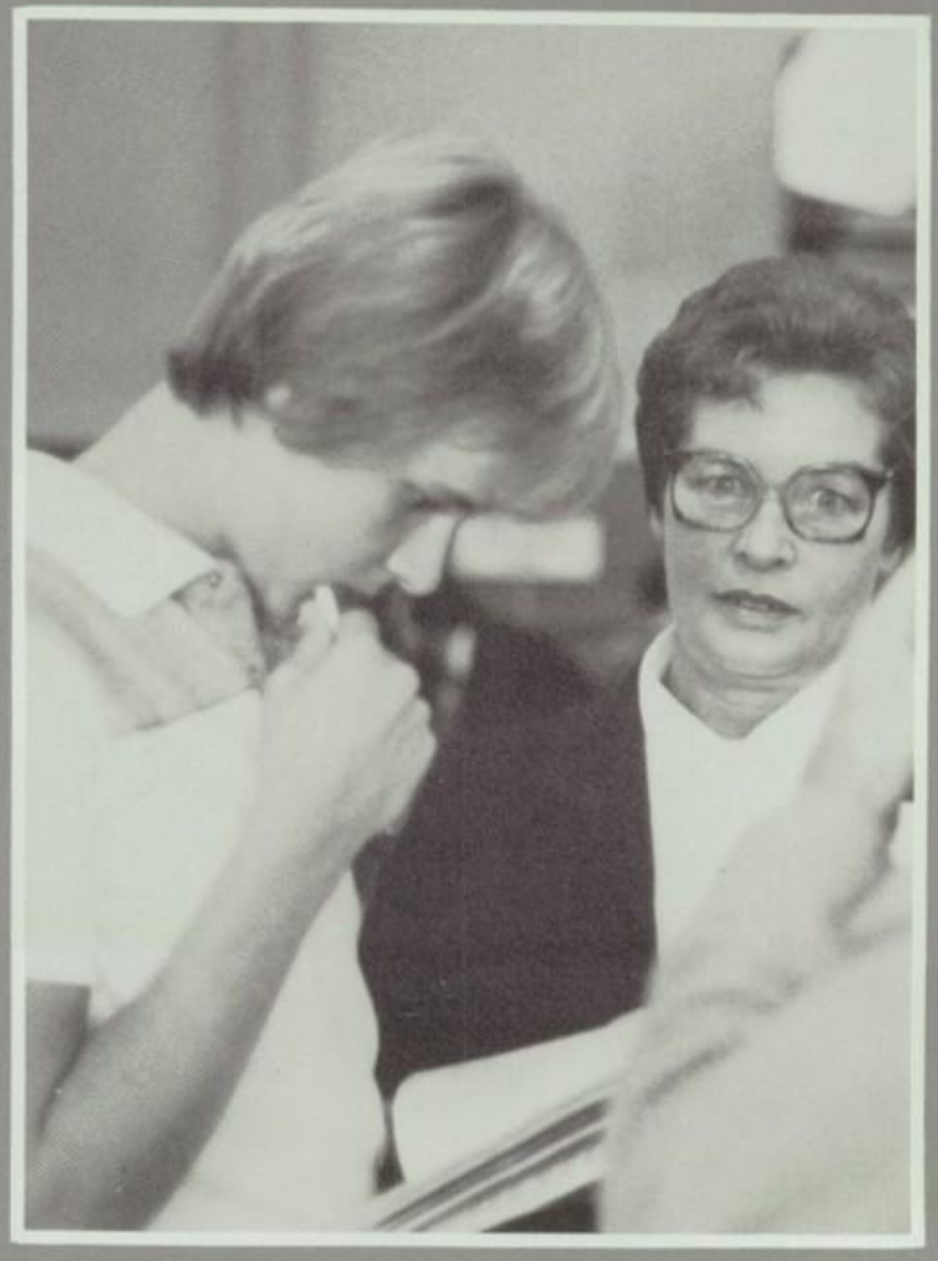
Reeds Spring received many compliments for their courteous and well-informed students.

Mrs. Jones had an important part in the success of this year's Career Day, and she would like to express her thanks to Beta Club, Student Council, Mothers and the Custodians for their cooperation.

CAREER DAY







Ho, Ho, Ho!

Twas the 22nd of December and all through school, every student was stirring and even the teachers too. The table was set by the homemakers with care in hopes that Saint Nicholas would soon be there.

The Choir was singing and Melanie Wolfe was reading. And in came the Snowball candidates- there was Phil Jones and Dona Welcher, Tony Chastain and Shellie Long, Dean Olson and Molly Jones, Andy Thiem and Nancy Keller. When last year's winners Derek Ryan and Angie Strohm called out to our surprise, "You're all so good, you all win the prize!"

And at the end of the day I heard Saint Nick exclaim as he drove out of site, "A Merry Christmas to all and to all a good night!"

For the first time ever a Reeds Spring contestant won the area Junior Miss contest. Tona Welcher was crowned Kimberling City's Junior Miss and went on to the Missouri Junior Miss pageant to compete. Although not among the ten finalists, she did receive excellent ratings on her vocal solo performance by judges and other officials within the pageant.

The Kimberling City Junior Miss Pageant was held November 11 at Ozark Mountain Hayride in Branson. The pageant is put together to help pay for the girls' college education. A $2000 scholarship to Columbia College was given to each girl who participated in the program. Nine senior girls from Reeds Spring entered the contest. These girls were: Monica White, Pam Spradling, Lynda Emmons, Jay Hitchcock, Tammy Nuckolls, Tona Welcher, Renee Scheppler, Gayle Disharoon, and Julie Breshears. The girls were evaluated on the judges' interview, scholastic achievement, physical coordination, poise and appearance, and their individual talent.

Two other Reeds Spring girls also placed in the contest. Lynda Emmons was first runner-up, and she also received the physical fitness award. Renee Scheppler was awarded fourth place runner-up. Tammy Nuckolls received the most spirited Junior Miss award and also tied with Tona for first in the talent award. Tona also received first in poise and appearance.

School's Out!

The last day of school ended with the awards assembly. Retiring Student Body President, Andy Thiem, opened the program with the traditional Pledge of Allegiance. He invited next year's president, Kalle Rae, to join him.

Students were recognized for their outstanding achievements. At this time the Hiveley Sportsmanship winner was announced and the senior key and picture for the hallway were presented.

Glen Aversman presented a special trophy to Mrs. Paula England which stated, "For caring and trying — from the Reeds Spring Athletic program."

The program ended by dismissing students to their homerooms where grade cards were distributed — and that was the end of the school year for 1979-80.

Injuries Plaque 1980 Season.

The 1980 season was not what varsity coach John Emmons expected because of the loss of two very key seniors-co-captain Derek Ryan, unanimous all G.C.L. safety his junior year and Cris Runge, also an all-conference choice last season. Ryan suffered a dislocated elbow and broken arm after 3 games. Runge underwent knee surgery, after an injury suffered during the Springfield Catholic game. With these two players missing, things got very dim for the Wolves, but the team still managed a 3 win 6 loss record. The team finished second in the conference with a 2 and 2 mark.

The Wolves were privileged to receive several all-conference choices this year. First team players were: Randy Richardson, Jim Gryzmala, Wayne Gongaware, and David Pestle. Second team honors went to: Kevin Bowling, Todd Fouts, Jeff Schilling, and Mark Ladon.

Next season looks very promising with alot of returning junior and sophomore lettermen. So, coach Emmons looks onto next year with a smile.

Junior Varsity On Top

The Reeds Spring junior varsity squad experienced a winning season this year, finishing with a 5 win 1 loss record. The J.V. squad went against several GCL teams and came out on top every time. The team's only loss was to the hands of the Marionville Comets.

J.V. coach John Burkett had a good squad. The team was made up of a lot of sophomores and a few juniors.

These fine players combined forces together to start a winning tradition that we hope will follow for years to come

A True Celebration

The student body voted the "Main Event" for the 1979 football homecoming theme, and it certainly DID turn out to be a MAIN EVENT.

Homecoming night festivities began with the marching band and culminated with the amazing win of 52 - 0 over Fair Grove Eagles.

After the homecoming victory, the girls headed for the restrooms to prepare for the dance while the players headed for the locker room. A record number of students attended the dance which was sponsored by Student Council, wearing anything from faded jeans to formal dress. Micheal K Discos provided the music for everyone to dance to.

Homecoming in its entirety was a true celebration.

Stompers Stomp Jolters

Powderpuff football is back again at Reeds Spring High School and bigger and better than before.

This year's Powderpuff game was sponsored by the girls' Athletic Department to raise money for equipment which they badly needed.

The two teams, the Junior-Senior Stompers and the Freshman-Sophomore Jolters, chose their own coaches and after many hours of long, hard practice, it was finally time. It was a cool October night when the game got underway. The Stompers scored their first touch down; the crowd went crazy. The Jolters didn't give up though. They held on and fought. But again the Stompers scored. With Angie Rice intercepting a pass, she handed off to Kim Chastain who scored their final 7 points making the score 14 to 0.

The Stompers' coaches Cris Runge and Derek Ryan quoted, "We were far more superior than the Freshman-Sophomore coaches and we could beat them again."

Steve Roston, the Freshman-Sophomore coach said, "All in all, it was a very good game. The girls on both sides put up a good fight, although the coaches on the Jolters' side showed much more quality than the coaches on the Stompers'. I am looking forward to next year when ***all*** the luck is on our side and then we'll see who is really the best!"

To show their support a few of the guys from the Varsity football team got together to make a cheerleading squad and did an excellent joy in arousing the crowd and keeping spirits up.

New Sport, New Rules, New Coach: Girls Take Third.

After three years of swinging at a softball, the girls decided to return to the volleyball court instead. With the new rules, the school had to purchase new uniforms, nets, and volleyballs. So everything turned out to be brand new, including the coach.

This was Bruce Powers' first year as head coach of girls' varsity athletics, and his debut wasn't bad. He took over a new sport to all the girls and turned out a pretty good season, ending with a 5 win 8 loss record and taking third in conference. The team then went into the second round of the district tournament where they were defeated by a tough team from Southwest.

Overall, the season was a lot of fun. The players really enjoyed the season and their new Coach. There wasn't a night that went by that after practice the girls didn't throw Coach Powers into the showers or tie him up to the volleyball standards with a roll of tape.

Next year Coach Powers stated he plans to be more competitive since he has some experience. He also plans on breaking out the equipment in August and getting an early start.

Freshmen Show Promise.

The upcoming years look very promising for Reeds Spring in all aspects of football and basketball.

The freshmen football team started practicing hard the first few weeks of school. Under the direction of coach Glenn Aversman, the team had a very good outing, finishing the year with a 3 and 3 record. It was a little disappointing, but overall they hustled and played very well.

The freshmen basketball season went very well for a pleased head coach, John Emmons. The team finished with a 6 win 2 loss season, which is one of the best records any freshmen class has had. The freshmen outsized most of their opponents, which was the key to most of their wins. Getting the ball into the big men and sharp shooting from the outside from the guards were also major keys to victory. Coach Emmons was very happy with this year's team, and he did a very good job for only his second year of coaching basketball. So, overall, the freshmen had a very good year.

Disappointing Season By Wolves:

This year the varsity boys' team didn't perform to head coach Glenn Aversman's expectations, but the season wasn't a total loss. With the team finishing second in the conference race with a 4 win 2 loss mark. Coach Aversman stated that this was the year to be, but it didn't turn out that way. The team finished with a 9 win 14 loss record.

The season was a little disappointing with the team being dominated by experienced seniors. There were some highlights through the year with the team beating Springfield Catholic for the first time ever and also beating Nixa for the first time in five years. Other highlights were Jack Carr and David Hayward being picked to the All-Conference first team, and Jeff Schilling and Bruce Gregory being picking to the Honorable Mention Team.

With a strong season from the J.V. team this year, next year looks good for coach Aversman and his future varsity roundballers.

1. David Hayward shoots for two against Ash Grove in the GLC tournament. 2. Bruce Gregory concentrates on the basket, while two Nixa defenders guard him. 3. Jeff Schilling loses control as he goes up for a shot. 4. Derek Ryan controls the Wolves fast break. 5. Coaches Linkous and Aversman vowed to wear three-piece suits after the Varsity beat Walnut Grove and Ash Grove in the same week. (insert picture, Coach Aversman expresses his emotions.) 6. Tiger Carr struggles to find the basket.

A Year Of Growth.

The boys J.V. basketball had a tough season ending with a 8 win 6 loss record. The teams 6 losses were all very close games, so the J.V.'ers look to be very competitive in the future.

Coach Linkous guided the team, which was made up of mostly sophomores with a few juniors. He stated that the boys all worked hard and that he was proud to get them started on the road to success for the future years.

The J.V. squad did an outstanding job in the conference winning 4 games and losing 3. So, over all, the squad did a great job and strived hard for success.

1. Pat Mueller concentrates on making his free throws.
2. Tony Chastain aims for a shot at a free throw.
3. Steve Roston shows his ability to dribble the ball.
4. David Hartin reaches for the ball as a Walnut Grove man tries to throw it in.

Students Participate In Homecoming

Basketball Homecoming spirits were up this year, mainly because of the student's participation in choosing the theme and voting for the queen. The winning theme was Escape, and the queen chosen was student council candidate, Carrie Anderson.

After the coronation, which took place between games, the varsity game against Strafford Indians began. Bruce Gregory came through with 21 big ones, Tiger Carr with 18, and David Hayward close behind with 17 points. The Wolves were four points down with two minutes left when they fouled, and the Indians sunk their free throws and won by ten points at the final buzzer, making the score 80 - 70.

The traditional dance followed with a good turn out. The music was provided by Michael K. Disco's, and the gym was decorated by the Student Council.

ESCAPE

Student Council representative, Carrie Anderson, is active in basketball, volleyball, softball, and track. She is also in Newspaper, Yearbook, and Lettermen's Club. In the future she plans to become a secretary.

Wolves Achieve Goal

Accomplishments made by the girls' basketball team this year were nothing less than pure determination. Many thought their capability had declined when they lost four of their graduating seniors, but the 79-80 season proved to be rewarding. They had a much better season than expected, winning 19 out of 27 games.

The lady Wolves raced to number one position in regionals and tied for first in G.C.L. conference. A three-year tradition was kept as the girls went to regionals winning over Washburn but lost in district finals to Purdy.

Our all-conference players were Carrie Anderson, Kim Chastain, Kalle Rea, and Angela Rice. Pride stands throughout the team with all players as well as with Coach Powers who was recognized as Coach of the Year through the outstanding season.

All in all, the girls had an excellent season. Satisfaction was achieved because the goals that were set in the beginning had been successfully and enjoyable accomplished. No one can say their team didn't work hard for everything they earned.

1. Kalle Rea makes a basket while Carrie Anderson and Debbie Smith watch.
2. Debbie Smith is looking for two points against Crane.
3. Kim Chastain brings out her true athletic self.
4. Carrie Anderson chalks up two for the Lady Wolves.
5. Kalle Rea shoots against the Indians, while Carrie Anderson looks on.
6. Coach Powers "Coach of the year" takes lesson in reading.
7. Carrie Anderson easily out jumps her lady.

BASKETBALL

Tremendous Headway Made.

The J.V. girls' basketball season was a rebuilding year from seasons past. The girls suffered a 4-5 win loss year. The team, under new leadership of Coach Vicki McKracken, did very well considering they started with four freshmen that had never played basketball before this season.

Coach Powers stated that these girls have a lot to look forward to and that two or three of them would probably be seeing a lot of Varsity action in the years to come. The "B" team was rather overshadowed by the heroics of the "A" team, but they played very well and have a lot to look forward to in the future.

1. Denise Douglas and Shellie Long look on as 2 points are made for J.V. team.
2. Greglan Snowden tries for 2 points against Nixa Pirates.
3. Greglan Snowden lends a helping hand in district tournament against Purdy.

Tracksters Improve Season.

The varsity boys' track team started off the season with a fine showing at Pittsburg, Kansas, indoor relays. Derek Ryan placed third in the hurdle event and Steve Gaddy won the shot put. David Hayward took fourth place in the mile run. The tracksters' season was kind of quiet until the conference meet when the team took second place behind the Ash Grove Pirates. Derek Ryan set a new school record in the 180-yard low hurdles of 21.1 seconds.

The team's first win came at the right time of the year. They won their district meet at Lebanon. There were several individual first-place finishes and several relay teams placed in the top three.

Coach Emmons had his hands full this year, teaching varsity and freshmen track together. The freshmen overall had a very good season, placing first in the S of O trackmeet.

Because of their accomplishments, 14 athletes qualified to compete at state meet — the highest number ever represented by RSHS. They were: Derek Ryan, David Hayward, Steve Gaddy, Mark Ladon, Tom Huff, Larry Bowen, Tim Montileone, Tony Chastain, Gerald Jenkins, Dane Cantwell, Jim Barry, Jimmy Adams, Todd Fouts, and John Mueller.

Steve Gaddy took first-place in the shot put, and Derek Ryan placed forth in high hurdles and sixth in low hurdles in state competition.

Girl's Track Fourth In District.

This year the Reeds Spring girls' team consisted of mostly underclassmen. Carrie Anderson and Teresa Jones scored the majority of the points this year as the team didn't win a major meet. They did, however, place in the conference meet.

The girls also placed fourth at district, with Carrie Anderson and Teresa Jones qualifying for state in the 800-meter run. Teresa also qualified in the 1600-meter run. The girls' 440-yard relay and 880-yard relay teams also qualified for the state meet. The teams consisted of the same four girls. They were Carrie Anderson, Shelley Long, Melanie Wolfe and Cathy Warren.

The girls worked real hard, and with alot of underclassmen moving up, they should be real tough in the years to come.

Athletic Honors Given

At the awards banquet held April 29, 1980, the outstanding athletes were given awards for the hard work they put forth during the sport season. The banquet this year was a little different than it has been in the past. Instead of having a dinner where everyone brings their own food, they had refreshments after the awards were given out. Everyone seemed to welcome the change.

1. Teresa Jones- best runner and most points; Carrie Anderson- best hustle in volleyball and most points in track; Kim Chastain- most points in volleyball.
2. Carrie Anderson- most rebounds in basketball; Angie Rice- most free throws; Kalle Rea- most field goals; Debbie Smith- best defensive player; Kim Chastain- most valuable team member.
3. Randy Richardson- receiving his football award.

The Future Homemakers of America, otherwise known as F.H.A., have worked hard this year for many good causes. They had a ticket booth built for football games by selling Stanley and Rubbermaid products. They visited the Rolling Hills Rest Home during Christmas time and brought them baskets of fruit. Also they held a Rock-a-thon, and the money went for the Cerebral Palsey Center in Springfield.

During "Youth Week" at the Springfield Battlefield Mall, the F.H.A. had a booth, and the display was centered around Cerebral Palsey. As a boost for nutrition, Melanie Wolfe, Stephanie Wolfe, and Beth Maycock dressed up as vegetables and went around the Mall singing a song to encourage people to eat vegetables.

Molly Jones was elected as the regional president for F.H.A. and said she feels that she will get alot out of being president, new friends, learning leadership abilities and a bigger awareness of the area around her. For recreation night F.H.A. went to Springfield and ate dinner at Gee's East Wind and then to the movie ***Krammer vs. Krammer*** at the North Town Mall.

Spirit I Involves Time

Under the direction of Mrs. Paula England and the leadership of Leslie Hankins and Lori Lighthizer, the Pep Club sponsored several events this year. They introduced the "Wicked Washrag" by selling them at games and at school. When they sponsored homecoming "Spirit Weeks", it wasn't unusual to see 50's clothes, clowns, and cowboys around school. Spirit links were also sold during the Homecomings, with the Juniors finally winning. Freshmen won hall competition with tissue paper flowers spelling out words. A successful "Spirit Dance"

was also held this year, along with FHA.

This year's Freshmen cheerleaders came into high school ready to cheer. They attended a National Cheerleading Association one-day clinic at Kickapoo High School. This provided them with new cheers as well as the proper techniques for stunts. With the high prices of gas, the popularity of their 100- gallon gas raffle was a great success for making money. They also had a garage sale to raise money.

If any achievement awards were to be given out, Mrs. England and Mr. Holt deserve it. They have put in a lot of their own time and money into sponsoring the cheerleaders and pep club. Not only do they receive the enjoyment, but also the complaints. They have to find a way to deal with them and still try to make everyone happy. We commend their outstanding contributions, for Cheerleaders and Pep Club were great groups this year.

Hard Work And Dedication Pays Off

Cheerleading

In addition to the boys' varsity cheerleaders, this year the "girls' varsity" cheering squad was born. This squad cheered specifically for girls' basketball. Midway through the year they brought another famous first — MALE CHEERLEADERS! The popularity of Geddy Akers' "Give me a 'W'" cheer soared to be one of the highlights at pep rallies, most of the time even requested.

Preparing pep rallies isn't as easy as it may seem. The final practice for the first pep rally of the year brought three squads to the school parking lot at 6:30 a.m. the

day of the game. Other memorable pep rallies were when players dressed up as cheerleaders leading cheers, the wet T-shirt contest, funeral services for the Nixa Eagles, a yell-out between the girls basketballers vs. the boys basketballers, and the ever popular class competition.

During the summer the girls' varsity squad attended National Cheerleading Association at SMSU in Springfield. They received two outstanding ratings, two excellents, one superior, and spirit stick for a day. The boys' varsity squad attended Universal Cheerleading Association at Tulsa University, in Tulsa, Oklahoma. They brought home two superior ratings, two excellents, and an all- around super- squad award. They won a spirit stick every day, including the final day which meant they got to bring it home. Their greatest moment was being chosen one of the top six finalists out of 34 squads for the camp championship.

In all, cheering is an experience full of everlasting memories.

This year the freshmen and senior high science clubs made a gallant effort to promote enthusiasm toward their activities. They planned a trip to Crystal Caverns for the 7th of February — it had to be postponed until the 12th because of the weather. At Crystal Caverns a guide took the members through the cave and talked about the various formations. On the same trip, the science club stopped at Roaring River State Park to chow down on their sack lunches and talk about their new discoveries.

The science club also helped with the construction of the new elementary nature trail and helped in the clean-up of the shoreline campaign. This year proved that the science club is making its own comeback at Reeds Spring High School.

Renaissance because the Wolfcall has revived itself for the better. With the help of Mrs. Nancy Oelher (sponsor) and Susan Bastian (editor), the school paper has come out of the rut and livened itself up.

With creative students writing articles of interest and new ideas such as colored paper and new sections concerning students, the Wolfcall was a welcomed edition to Reeds Spring students. This was also the first year for the school paper to publish a entire paper dedicated to the Seniors. They did this by handing out questionnaires to each Senior, questions like who's your favorite teacher, favorite class, best memories of school and most embarassing moments. With all these new ideas, it was certainly a Renaissance for the Wolfcall.

Yearbook Staff Achieves More

The Yearbook Staff has worked hard this year to develop an ever-improving yearbook for the student body and faculty. One of the major steps they made was changing publishers to Josten's American Yearbook Company. For yearbook members of previous years, it was a complete turn around, learning new techniques and styles. But with many thanks to their yearbook representative, Mr. Dick Sterchy, the change was much smoother.

Along with the new and fascinating concepts Mr.

Sterchy revealed to the staff, they were invited to a Yearbook Seminar at Drury College, where they were introduced to even more intriguing ideas.

The yearbook staff considered which ideas and methods would work best with each other in the most organized and lively way! After these choices were finally made came the hardest, and quite often, the most frustrating part — laying out those ideas with the methods and making them work. Often the layouts were done over and over and over . . .

Other very helpful members were Ms. Hunter (advisor), Lori Thogmartin (editor), and Renee Scheppler (asst. editor) with their patience in approvals and editing the layouts and copy writing. Several other members have done an excessive amount of work, and many thanks go to them.

Altogether, the Yearbook Staff has worked hard but definitely not in vain. They had reason to believe that the year 1979-80 was a year to CELEBRATE!!!!!!!!!

Contest And Raising Money Keeps Choirs Busy

Choir

The Choir has been very busy this year raising money for a trip to Kansas City for the Choir Festival held at Worlds of Fun the first weekend in May. They started the year off with selling football mums for homecoming and ended with the Mr. Reeds Spring contest. Between all this, they sold candy, had bake sales and a car wash, end practiced many hours on their songs.

The three groups — Concert Choir, Girls Glee, and Choraliers went to the S.M.S. district music contest in Springfield, and all received "2" ratings. Along with

Band Shows Determination

Band

Concert Band Front Row: Patty Brannan, Bev Cutburth, Lois Peckham, Jane Derflinger, Janette Kahler, Lisa Tate. Second Row: Debbie Marshall, Lora Tolbert, Katie Bohn, Joey Akers, Joe McKee, Lestine Sickler, Josephine Back. Third Row: Steve Wright, Julie Sherer, Claude Michael, Jay Ruby, Paula Clevenger, Keith Wolven. Standing: Chris Wolven, Chris Shaon, Julie DeAtley, Maxine Youngblood, Kenny Foster.

The band showed that through dedication and cooperation of its members and director it was able to overcome its shortcomings. The band was much smaller this year and was also in the process of breaking in a new director, Mr. Gerald Edson. Despite these difficulties, they received a number one rating at the music contest at SMSU.

Not wanting to break tradition, the Reeds Spring band once again marched in the Reeds Spring annual Christmas parade. Lack of publicity and the many outside activities of the student body caused attendance to be small at the band's concerts, but those who came enjoyed them thoroughly.

The 1979-80 band members showed the great determination it takes to make a successful ensemble.

Stage Band Front Row: Patty Brennan, Bev Cutbirth, Lois Peckham, Lisa Tate, Stephanie Wolfe, Vicki Hough, Joe McKee, Second Row: Betty Lane, Rex Arney, Tim Maddy, Paula Clevenger, Jay Ruby. Back Row: Greg Maycock, Cris Runge, Bojan Pejovic, Chris Shaon, Janice Proffitt, Molly Jones.

The A.F.S. (American Field Service) has grown tremendously this past year. We were priviledged to have not one or two, but three foreign exchange students this year. Joke Wilderon from Holland, Josefina Saborio from Costa Rica, and our late arrival Bojan Pejovic form Yugoslavia all shared their unique life styles and opinions with the student body of R.S.H.S. These students presented slide presentations to our local AFS chapter and area guests. They also enjoyed celebrating Christmas by having a party and gift exchange at the David Cooper's home. At one meeting the chapter decided to go Mexican-style and enjoyed munching on Mexican food brought by group members.

Once again they held their annual A.F.S. Dance-a-thon, which was a tremendous success. It was held in the Harbor Room in the Kimberling Inn at Kimberling City on Februrary 3.

This year the Reeds Spring AFS chapter is also sponsoring the reorientation for the exchange students that will be returing to their countries. AFS has given us a splendid chance to make many friends from afar.

Student Council Grows By Eight

Student Council

The Student Council grew in numbers this year because two more representatives for each class were added so there would be more input dealing with the student activities.

Bonnie Hank, senior representative, commented, "I feel there is room for improvement, and we are held back because we're a non-profit organization. We wish more people would come to us about what they would like done."

Andy Thiem, commented, "I don't think Student Council can do an more than we have done because we are held back as far as updating and changing school rules and policies, we don't have any influence anymore and neither does the Student Body."

This year the Student Council sponsored the Snowball King and Queen candidates by penny votes to raise money for Share the Joy of Christmas. They also raised money to buy picnic tables for the school grounds and to donate to the Reeds Spring Scholarship Fund.

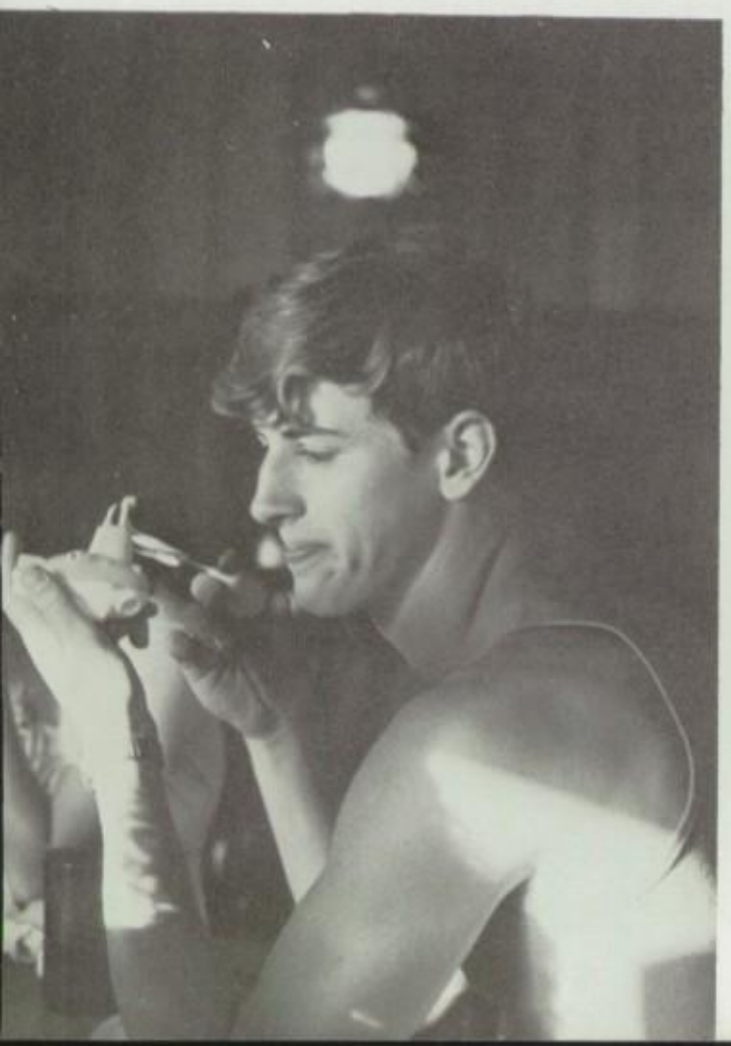
The Betas of 1979-80 were better than ever. This year a senior scholarship fund was introduced by the Beta Club. Because of economic conditions, the Betas were unable to attend the annual Beta Club convention in St. Louis. The money designated for their trip and funds raised in the first annual Beta Club talent show were added to the scholarship funds.

Included in Beta Club activities this year were Christmas gift and ornament sales, stationery sales, the Almost Anything Goes Contest, school supply sales, sponsoring both athletic trophies, and helping in the organization of Career Day. The combined effort of Beta Club, Lettermen's Club, and Student Council brought Reeds Spring High Schol the first-place victory in the Almost Anything Goes Contest at Branson.

After electing next year's officers, the Betas celebrated their accomplishments during the year with a farewell to senior Betas at a pizza party at Columbos.



Groups Have Some-thing In Common

Act IV

What does Act IV have in common with Tournament of Knowledge? Academically speaking, nothing, but they are sponsored by a husband and wife. Act IV is represented by Mr. Julian Jones, and Tournament of Knowledge is sponsored by his spouse, Mrs. Paula Jones.

Act IV had a year of "breaking in" young students when they produced and sponsored ***Teahouse of the August Moon, Star Spangled Girl, Everybody Loves Opal,*** and ***Hat Full of Rain.*** By the success of these plays, we can look forward to seeing some great

drama students and familiar faces in the upcoming years. Many of the most memorable learning experiences came at the end of late-night rehearsals when everyone was ready to pull out their hair.

Because studying human nature is so vital to a production, Mr. Jones feels students who participate in this type of activity are unable to escape learning something that will be beneficial to them in later years.

If someone would have walked into the pep rally held in February, they would have thought they were seeing the captain of the cheerleaders. Although she was celebrating a victory, she was not a cheerleader. Mrs. Paula Jones, the sponsor the Tournament of Knowledge, excited the student body with her rendition of how brilliantly and bravely the team took second place when they traveled to Aurora radio station on Saturdays to compete. Mrs. Jones stated, "The Tournament of Knowledge is the only school organization in which students demonstrated to the public the extent of their academic learning taught at our high school."

ADMINISTRATION

SCHOOL BOARD: PROPOSES BOND ISSUE

During the 1979-1980 school year, the Reeds Spring School Board proposed a bond issue concerning the addition to the elementary school in the Reeds Spring district. On April 1st, 1980, the bond issue was voted on and passed with a 74% majority. The bond issue was brought up because the existing facilities are not adequate.

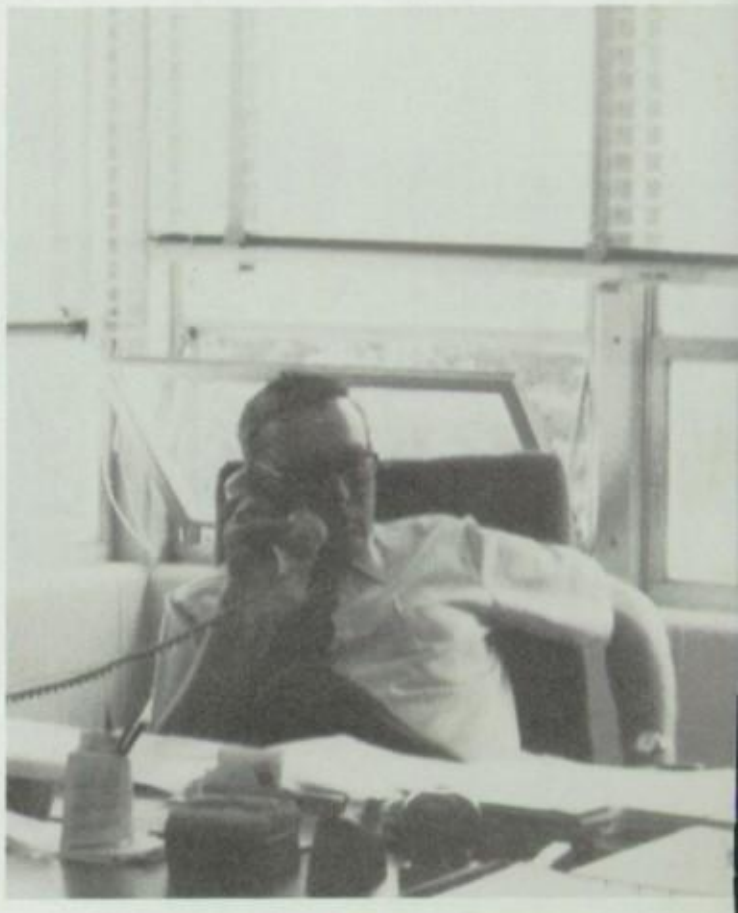
The project will cost around $628,000 and ground-breaking ceremonies are scheduled for sometime in the middle of the summer of 1980.

School Board — Front Row, sitting: Betty Connell, Omar Gibson-superintendent. Back Row, standing Alden Hembree, David Strohm, Keith Patrick, Doug Stone, Ken Runge. Not pictured William Kirsc who replaced Keith Patrick in the April election.

The secretaries to the superintendent have 16 years combined experience in this school system -Macia Chapman with 4 and Kathleen Hembree has 12 years experience.

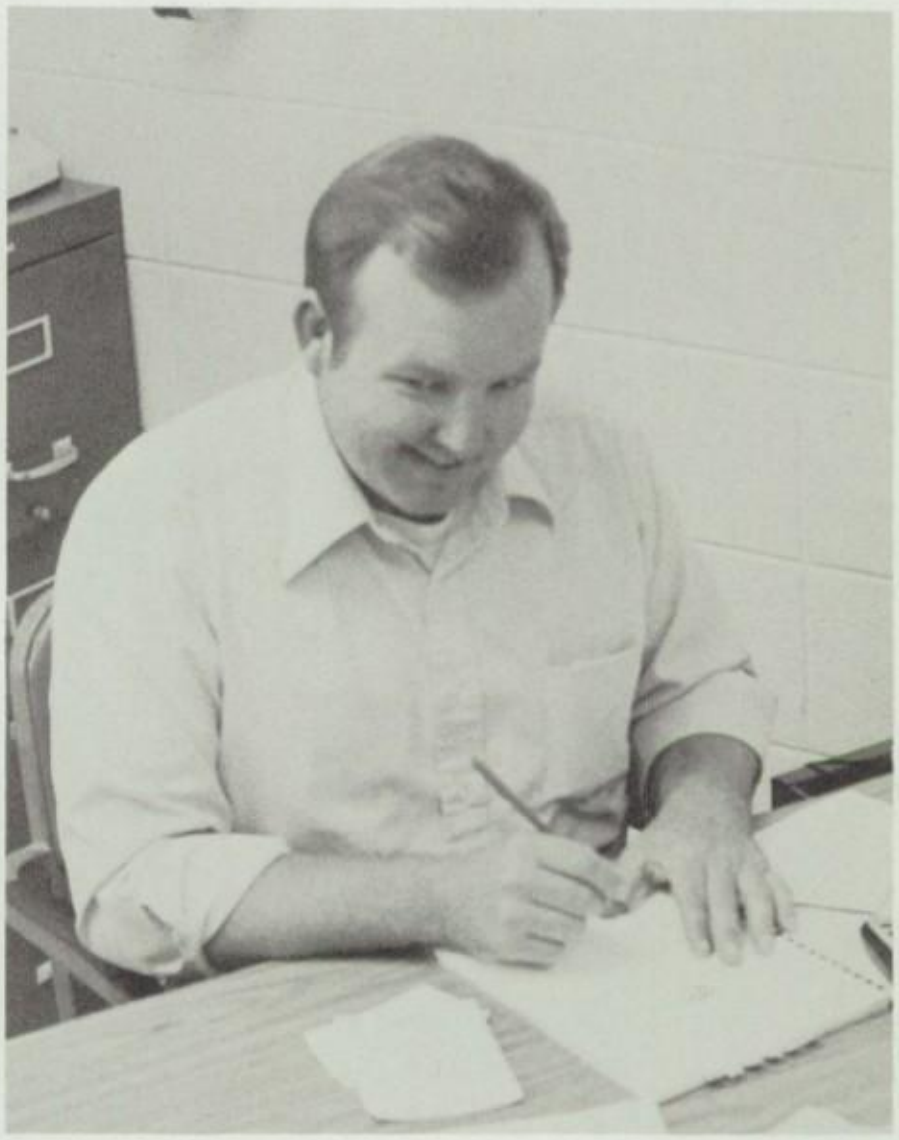
Marcia Chapman, the newest addition to the secretarial staff, worked three years at the Vo-Tech and began at the high school this year. She said that the people she works with are the most enjoyable part of her work and secondly is the accounting work she does. Marcia's hobbies and out-of-work activities include playing left fielder for the Triple S Trophies softball team, tennis, and she is a Sunday School teacher at the Blue Eye Free Will Baptist Church.

Kathleen Hembree, a veteran of 12 years in the Reeds Spring system, told us that she too enjoys the accounting procedures saying it is a real training experience. She also said she likes the challenge of her job and that it is never boring. When she is not enjoying her work she says she likes to cook and read.



Mr. Omar Gibson, superintendent in this school distr now for his thirteenth year, stated that the growing Ree Spring school district offers many enjoyable challenges a rewards. He also said that he likes the Ozarks for a locati of a school district and the personality of the students a their parents towards the school system. He told us that hobbies are fishing and hunting in the area.

HIGH SCHOOL: FRIENDLY ADMINISTRATORS



Mr. Langley has been the principal at the high school for the past ten years.

When asked what he liked best about the high school he said that he enjoys being around the students and the friendly atmosphere.

Outside of school he said that he enjoys hunting, fishing, making knives and traveling.

Mr. Julian Jones has been the vice-principal at the high school for the past three years.

He told us that the things he likes most about his job were the students, the teachers, and the teacher-student relationships, which he described as "personal without being presumptuous."

Mrs. Pat Blevins has been the secretary at the high school for the past five years.

When asked what she likes best about her job she said, "The kids and the teachers, the hours, and my two month vacation in the summer."

In her spare time she likes to go boat riding, camping, and anything having to do with the outdoors.

JUNIOR HIGH: MAKING IT WORK

Mr. John Brown is the principal of the Reeds Spring Junior High School. His Job involves making out the schedules, working out rosters for teachers, supervising over the sport events and other school activities, enforcing disipline when it is needed, hiring teachers, and mainly watching over approximately 370 students and 25 teachers.

When asked what he liked about his job, Mr. Brown stated, "I like working with the Junior High kids, because kids of this age are easier to work with."

When he is not at school he likes to fish, but prefers tennis over anything.

Mrs. Irlene Peterson is the secretary at the Jr. High. Her job requires typing, answering the phone and handling the mail, and also involves making coffee for the teachers, finding articles that have been lost, delivering things to students and playing school nurse.

When asked what it was that she liked most about her job she simply stated, "The kids."

Her outside interest include macrameing, crocheting, flowers, and being around animals.

ELEMENTARY: WORKING WITH CHILDREN

Mrs. Elizabeth S. Pennel, has been the principal in the chool system for eleven years and at the Elementary for the ast five years.

Mrs. Pennel said that ever since she can remember she lways wanted to be a teacher.

When asked what she likes most about her work she said hat she likes working with people, especially children.

Her hobbies include, interior decorating, finishing antiques, aising flowers, boating, and best of all being with her grand-hildren.

Mrs. Doris Hill, secretary of the Elementary School, does not just answer phones and sit behind the desk all day; her work also involves the enrollment of new students, filing and keeping the elementary records, repairing torn clothes, selling the daily lunch tickets, plus many more of the other important secretarial and school nursing duties.

Mrs. Hill's hobbies and time-consuming projects away from her work includes crochet, needlepoint, and she also likes to travel.

When asked what she enjoys most about her job she answered that the most important aspect of her career is personal and individual contact with the children.

SUPPORT STAFF: A NECESSITY

The cooks in the Reeds Spring School District are an exceptional group of ladies. The origin of all the food served is the elementary kitchen. The elementary cooks are: Barbara Clinkerbeard, Joann Hicks, Geraldine Graves, and Sophia Mease.

The cooks of the Junior High kitchen are: Katheryn Dahms, Joyce Dickens, and Lexie Mease.

The two High School cooks are: Avonda Gentry and Shirley Tillman.

Those are the nine cooks that are responsible for serving us our hot lunches every school day of the year.

Bus Drivers: Corky Collier, James Clevenger, Conrad Svoboda, Wess Richardson, David Mease, Ben Hevel, Glenn Wood, Carol Ruby. Not pictured: Phyllis Blair, W.H. Cady, Oliver Foster, Kirby Hedrick, Loyal Jenkins, Larry Martin, Kenneth Stults, Ora Tolbert.

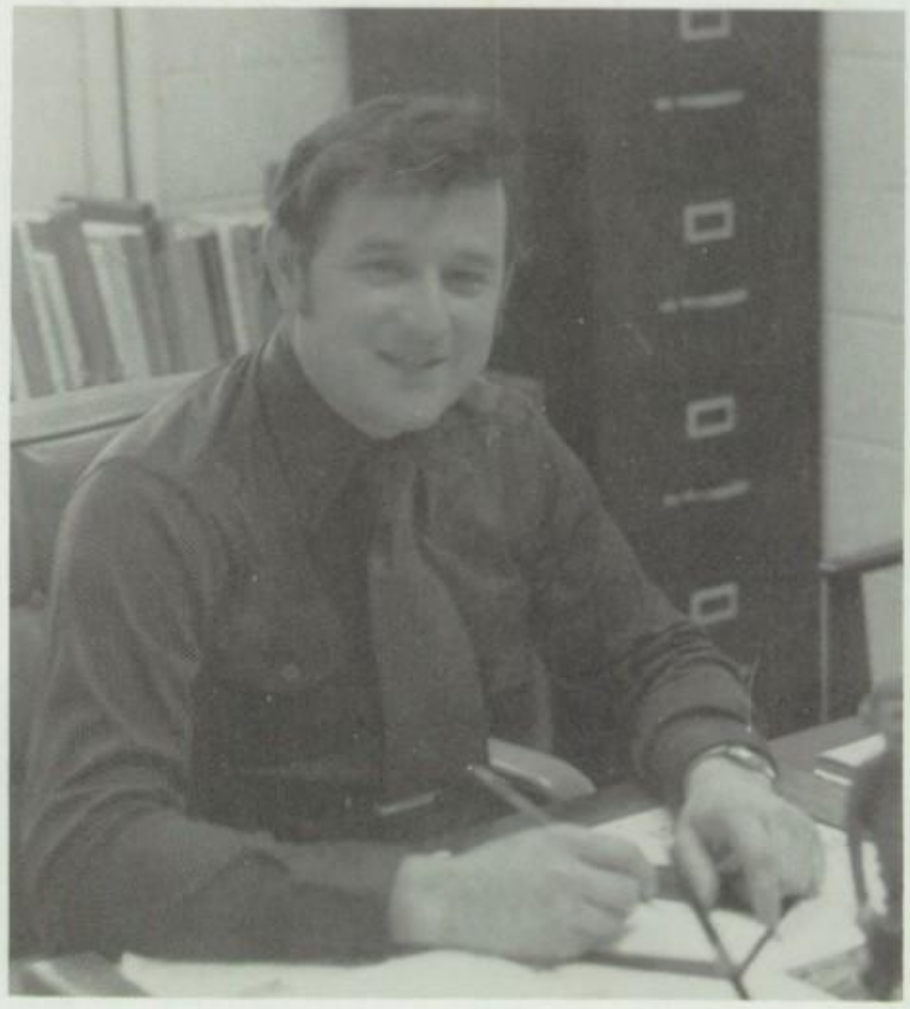
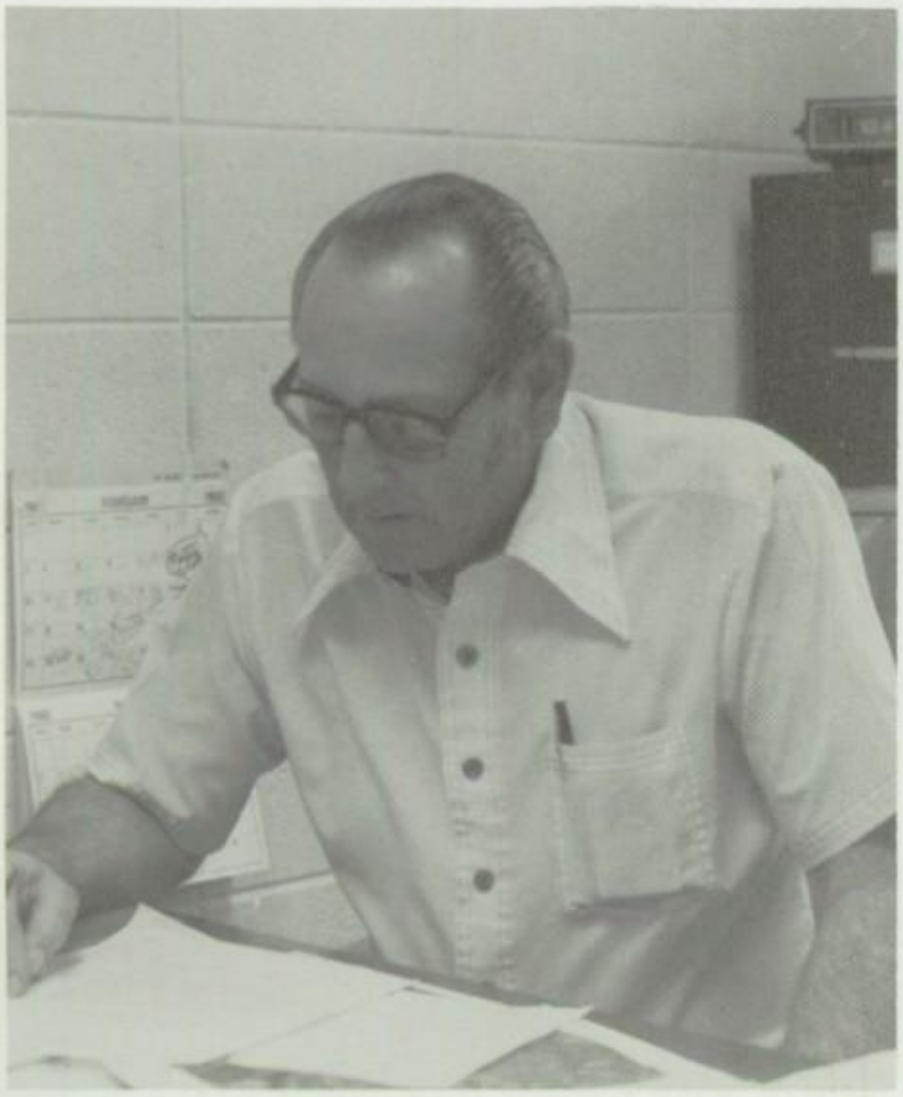
VO-TECH... WHERE PEOPLE ENJOY PEOPLE.

Mr. Maurice Mires has been the vocational director of the Vo-Tech since it started six years ago. He is under the direction of Omar Gibson and the Reeds Spring School Board. His job deals with working with the sending schools, making out federal and state budget forms, developing new programs, setting up night classes for adults, and recommending instructors to be hired to the school board. Mainly, he makes sure everything runs smoothly.

When asked what he liked about his job he stated, "Working with people and the students."

In his spare time he enjoys rebuilding wrecked cars traveling, raising cattle and fishing.





Blaine Shupe-

Mr. Shupe's job as Vocational Counselor deals with talking to each student before they attend the Vo-Tech, visiting all the sending schools, handling minor discipline problems, and generally assisting Mr. Mires.

Mr. Shupe stated that he, "Likes to work with the students and enjoys being around rest of the staff."

When he isn't working, he is busy hunting or fishing. He also enjoys sports events, but his favorite pastime is spending time with his three grandsons.

Lynette McClelland-

Besides the routine procedures most secretaries do, she also has to deal with alot of people and students.

When asked what she likes about her job she stated, "I enjoy working with rest of the staff and being around the students."

In her spare time she likes to cook, bowl, do things with her family and attend church activities.

The Jr. High Football season is one that will be remembered for years to come. It enabled the eighth grade boys to gain experience and the seventh grade boys to use their talents to win.

Under new direction of Coah Steve Burns and assistant Coach Tom Linkous, the seventh grade team went undefeated and were unscored upon for the entire season. Everyone will remember their great accomplishments and will look forward to next year's season and hopeful victories.

The eighth grade team had a hard season of losses. However, they had many talented athletes with much potential, and the experience should be very helpful for their future football years

Track season was a very memorable event for the Jr. High. It had its rewards for a few people such as Lana Lyddon and Jeff Swift just to name a few. Coach Burns and Coach McCracken were very pleased with the performances of the three teams. They put out alot of time and effort and should be complimented. The Jr. High has many promising athletes with alot of ability.

For the first time, Reeds Spring Junior High has a marching band, which is composed of 6th, 7th, and 8th grade band members.

They've Only

Graduation ceremonies for the eighth grade began at 7:30 p.m. in the high school gymnasium on May 21. Lana Lyddon, Junior Beta Club President, gave the welcoming address.

Numerous awards and medals were presented for outstanding achievement in the class room, music, sports, clubs, and activities. Junior High Principal, John Brown, announced the winners in each category, and Mr. Dean Allen presented the awards.

Brad Rathburn was honored for competing in the high school history bowl and finishing on top. Citizenship awards were presented to Arno Wehr and Krista King. Lana Lyddon and Leann Underwood received recognition for competing in the School of the Ozarks math relays four times during their seventh and eighth grades and taking first place on each occasion. The pep club spirit award went to Krista King.

Superintendent Omar Gibson presented diplomas to the class, and members of the eighth grade choir ended the program by singing, "We've Only Just Begun."

The Junior High Newspaper sponsored a dance at the Junior High school following the ceremony, which many of the graduates attended.

Top Center: The young ladies in their long dresses wait for the rest of the class to enter before being seated. ***Middle:*** Donna Butler escorted by Todd Christensen and Tami Austin escorted by Randy Bond march in to the tune of "Pomp and Circumstances." ***Right:*** The girls congratulate each other and make plans for the dance.

Just Begun

Left: Kelly Blevins looks pleased to be graduating as she is being escorted by Kevin Ebrahimi. ***Below:*** Richard Skiles and Johnny Lewallen look for their seats with the rest of the class. ***Bottom center:*** Kenny Presley, seventh grade usher, helps Karla Carr down the stairs after she receives her diploma from Mr. Gibson. ***Bottom right:*** The eighth grade boys listen while the choir sings, "We've Only Just Begun."

Barbara St. Clair conceived the idea of the Elementary Nature Trail and carried through with it to see that it became a working part of the elementary program.

The Chess Club was new this year to the elementary school and was sponsored by Mrs. St. Clair.

CELEBRATES

To a great friend
and an even greater
human being, even though
I always tried to make
your Mom proud.
